NATIONAL EVENTS.

The Hawaiian Party Highly Honored.

President and Mrs. Dole Accorded a Hearty Welcome.

Proceedings of the Senate and House.

Teller's Resolution Will Come Up Tomorrow—Four Hours' Debate and Then a Vote.

WASHINGTON, Jan. 27.—Bright, spring-like weather greeted Hawaii's ruler on his first morning at the capital. President and Mrs. Dole and the members of their party had retired early last night and were up at 8 o'clock, the chief executive and his wife taking their breakfast in their rooms. The president was kept very busy during the forenoon receiving callers. Minister Hatch was early on hand and was followed by ex-Minister Thurston, Senator Morgan, of Alabama, who paid an extended visit to the islands during the last summer, and Crosby S. Noyes, of Washington. In an interview with an Associated Press reporter President Dole said:

"I prefer not to discuss the question of annexation, as that would be eminently inappropriate at this time, during the pendency of the question in the senate. I shall call on the president during my stay here, and, of course, shall give him such information as he may desire respecting pending questions between the two countries. I expect to stay in Washington until the end of next week, when our trip homeward will begin. We shall go from here direct to San Francisco, taking the steamer there for Honolulu. Certainly I should like to see the annexation treaty ratified by the senate before we leave, but we will not wait if such is not the case."

President and Mrs. Dole have received many invitations to social functions during their stay here. This morning Mrs. Dole went to call on a number of friends in company with Mrs. Hatch, the wife of the Hawaiian minister here. This afternoon Major Hiestand, of the army, will accompany Mrs. Dole in a social call on Mrs. McKinley. Tonight the entire Hawaiian party probably will occupy a box at one of the theaters.

SENATE AND HOUSE.

Teller's Resolution Will be Voted Upon Tomorrow.

WASHINGTON, Jan. 27.—After transacting some minor business the Teller resolution was laid before the senate, and after considerable discussion it was agreed that the vote should be taken tomorrow at 6 o'clock, the senate to meet at 2 o'clock and the last four hours of debate to be under the fifteen minute rule.

After this agreement had been reached Mr. Daniel resumed his speech begun last evening. He made a legal argument in support of the pending resolution, holding that the law never contemplated giving to the government's creditor the option as to the kind of money he was to be paid. The creditor would naturally pick that dollar which was the most valuable to him, but if he did not know which he would receive he would do his utmost to maintain the parity of all dollars. He enumerated the great men who supported the resolution in 1878, beginning with the distinguished author, Stanley Matthews, and concluding with the present president of the United States.

In the house today the senate bill granting an American register to the barkentine Sharpshooter, of San Francisco, was passed.

A bill was passed making Santa Fe, N. M., the permanent capital of that territory.

Mr. Hitt, chairman of the foreign affairs committee, reported from his committee, with the recommendation that it lie on the table, the Lewis resolution calling upon the president for the authority under the constitution under which he negotiated a treaty that will bind the treasury to pay $4,000,000 to the the Hawaiian bondholders. The democrats manifested a desire to discuss the report, but the question was not debatable and the vote was taken by a yea and nay upon the demand of Mr. Dinsmore, the senior minority member of the foreign affairs committee.

The report was adopted and the resolution laid on the table, 413 to 101. At this juncture Mr. Quigg, as a question of privilege, replied to Mr. Loud's charges made yesterday during the controversy over the appropriation for letter carriers, that he stated what was untrue when he said that the prospective deficency was the exact sum of the appropriation in the current law and was below the estimates of the department. Mr. Loud declared that he stood by his statement yesterday.

TO LIMIT INJUNCTIONS.

A Bill Under Consideration by the Labor Leaders.

INDIANAPOLIS, Jan. 27.—President Prescott, of the International Typographical union, has received from President Gompers, of the American Federation of Labor, a bill to limit the powers of United States judges in issuing injunctions. The bill provides that no United States judge shall issue a restraining order or injunction against the employes of any person or corporation that will in any manner affect their full freedom peacefully and quietly to quit the service of any person or corporation at any time they may see fit to do so. Mr. Prescott will give this bill to Congressman Overstreet, and ask him to introduce it.

FROM MEXICO.

Interesting Batch of News From the Republic.

Mrs. Hearst, Widow of the Senator, Accorded a Warm Welcome—Gigantic Mine Draining Scheme.

MEXICO CITY, Jan. 27. — Mrs. Hearst, widow of Senator Hearst, of California, has arrived here and been cordially greeted, the governor of the federal district sending one of the finest bands to serenade her. Senator Hearst was a warm friend of Mexico, and at the time of the Cutting incident displayed his sympathy with this country and aided in resisting the pressure for war, supporting President Cleveland in his peace attitude, hence the grateful regard in which the memory of the California senator is held in Mexico.

The department of encouragement has received a petition asking for a concession for a tunnel twenty miles long in the state of Guanajuaton, the object being to drain some valuable mines now flooded. The work will cost many millions of dollars and it is believed by competent engineers will be entirely practicable and result in a large profit to the company conducting the work.

John Eads, one of the prisoners arrested in connection with the operations of the gang of American confidence operators has, after the examination, been held for trial. Russell, one of the gang, is supposed be on the Texas border.

President Diaz is expected to arrive here today and will be received by a division of the army consisting of two brigades, and the Jockey club will give him a banquet of welcome. It is the first considerable trip the president has taken into the interior for some years and the popular manifestation of rejoicing all along the route has been greatly gratifying to him. People have turned out in crowds everywhere and many incidents showing popular enthusiasm has been recorded by the press.

A DECISION SOON.

The Archbishop Ireland Land Case Will be at an End.

WASHINGTON, Jan 27.—A decision is expected soon by Mr. Hermann, the commissioner of the general office in what it is known as the Archbishop Ireland case involving title to a large tract of land in Minnesota on which there are a number of settlers. The case, it is said, presents some unusual features and some important questions of law are involved. The commissioner declines to say what his decision will be.

"Whether the commissioner decides for or against the archbishop," said a prominent official today, "the title of settlers of lands received from him will be protected. There may be a difference in the amount which they will be required to pay for their lands as a result of the decision. This difference is between the $1.25 per acre which would be the price as government lands and that which they agreed to pay the archbishop which I believe was $4 per acre less 10 per cent. on certain conditions."

Steamer City of Duluth Goes Down in a Gale.

Struck a Bar and Thrown Against a Pier

As She Was Entering the Harbor.

The Vessel Broke in Two and Sank—Passengers and Crew Rescued With Difficulty.

ST. JOSEPH, Mich., Jan. 27.—The Lake Michigan and Lake Superior Transportation company's steamer, City of Duluth, which struck the bar outside the harbor piers, and went ashore during a gale last night, has broken in two in the center and the wreck is pounding badly. The life-saving crew saved the crew, consisting of about twenty-five, and the few passengers aboard, by bringing them ashore in the breeches buoy.

The steamer grounded only about 350 feet from the pier. The Chicago tugs Protection and Moreford, which came over to tow the disabled steamer City of Traverse to Chicago, approached the stranded steamer, but were unable to help her on account of the heavy sea.

The City of Duluth was an old but staunch steamer. She was under charter of the Graham & Morton Transportation company, carrying principally through freight from Chicago to this port in connection with the Big Four railway. She was owned by the Lake Michigan and Superior company and commanded by Capt. McLain. Her capacity was about 1,000 tons and her value about $30,000. She was laden with merchandise freight and grain.

The steamer is well insured and it is understood that there is $10,000 insurance on her cargo. On several previous trips she struck on the bar while entering this harbor.

THE STORY IN DETAIL.

ST. JOSEPH, Mich., Jan. 27.—The big grain steamer "City of Duluth" arrived off this port from South Chicago last night, at 8:30 o'clock, and attempted to enter the harbor. There was a tremendous wind from the northwest and a very heavy sea rolling. The Duluth kept on her course into the harbor and at the mouth of the river struck a bar and was thrown heavily against the north pier, breaking in two immediately. The mammoth steel arches on either side of the boat gave way immediately and the bow of the boat dropped two or three feet. A large hole was stove in the port side of the boat as she swung around and she went to the bottom in an hour, leaving only her cabin and part of her bulwarks above water.

The two big tugs, Moreford and Protection, which had accompanied the big boat on her trip across the lake, made several desperate attempts to reach her and get the crew and passengers off, but were every time unsuccessful. The life saving crew was summoned and reached the scene of disaster in quick time, considering that they had disbanded for the winter.

At midnight they had shot a mortar line to the boat and the rescue began. The first one to be taken ashore was August Kernwein, a large sized man, of this city. He dipped into the waters several times during the perilous trip and was badly frozen when he was pulled out into the pier. The rest of the passengers were taken ashore in this manner, one at a time.

There were seventeen passengers and twenty-three of the crew. Captain McLean was the last to leave, he being taken off at 5 o'clock this morning. There were several ladies aboard. The members of the life saving crew took turns going out in the car after them.

Mrs. William Tryon is now dying from the effects of the trip. She was in a delicate condition and was badly frozen and was seized with nervous prostration. There is no hope for her recovery.

The City of Duluth is an old boat, but one of the largest sailing on Lake Michigan. She has been in the grain carrying trade for many years. She is owned by the Lake Michigan and Lake Superior Transportation company and was being operated this winter by the Graham & Morton Transportation company. She had a heavy cargo of corn and flour and a deck load of merchandise for local merchants. There is no hope of saving anything from the wreck, as there is a very high sea rolling. No boat can reach her and she is rapidly going to pieces. The engineer says that when the boat struck the engine jumped a foot and was immediately torn to pieces. The water rushed in put out the fires and the firemen barely escaped up the ladders in time to save themselves. The floor of the cabin deck gave a mighty heave upward and the passengers were thrown into the wildest confusion.

THINKS SHE WAS IN HEAVEN

Aged Woman Says She Spent a Week in Celestial Realms.

SYRACUSE, N. Y., Jan. 27.—Mrs. Eliza Wright, of Cardiff, a reputable lady of 86, has awakened from a fortnight's trance. She said she had been in Heaven an entire week, had seen the Lord and his angels, and received messages from God for many of her friends. Mrs. Wright tells startling stories about the great white throne and judgment seat and says the music she heard while in trance was something beyond the ears of mortals to grasp. Before her lines, as the attending physician calls it, Mrs. Wright's faculties were greatly impaired. Her sight was such as to require the strongest spectacles and she was quite deaf. Now her sight and hearing are as acute as they ever were. She reads fine print without glasses and converses readily with those about her. This is attested to by scores of her neighbors.

A SPANISH FAKE.

General Castellanos Did Not Take the Cuban Capital.

No Hope That Spain Can Subdue the Insurgents in the East—General Blanco's Last Card.

NEW YORK, Jan. 27.—A dispatch to the Herald from Havana says:

The Spanish account of the victory of General Castellanos and the capture of the headquarters of the rebel government in the town of Esperanza is now proved to be a fabrication. There is no such town as Esperanza near Cubitas. The name of the town founded and occupied as the capital by the rebel government is Agramot. Spanish troops are unable to get near this place, being repulsed in the mountains and forced to retire with a heavy loss. Latest advices from western Cuba state that the rebels are still beseiging Holguin and that the garrison cannot possibly hold out without supplies and reinforcements.

General Pando finds it impossible to send these, although he is making desperate efforts to do so. General Pando's army is still along the banks of the Cauto river and strongly intrenched, but is unable to assume the aggressive. General Gomez shows no signs of taking the field and conducting an active campaign. He states as his reason that he is short of cavalry and cannot operate successfully against the Spaniards, who have plenty of horses. At this rate the war in the east can last for years. In the western provinces, however, the troops keep pretty well on the move, but neither side has achieved decisive results.

Radicals here say General Blanco is playing his last cards in his present visit to the eastern provinces, for the purpose, it is said, of attempting to induce Generals Rabi and Salvador Rios to lay down their arms. Both these men refused to surrender at the close of the last war and the Cubans believe them incorruptible. Before leaving Havana on Monday General Blanco, it is known, drew from the treasury $380,000.

DIVISION OF OPINION.

Bay Conference Does Not Know What to Do With Rev. Brown.

SAN FRANCISCO, Jan. 27.—There was a division of opinion at the meeting of the Bay conference at which Dr. C. O. Brown was expelled from membership and the opposing factions are contending as to whether he should be expelled from the ministry or be reinstated in case he should show a spirit of true Christian repentance. The verdict simply excludes him from affiliation with the churches of this coast. The ecclisiastical council of Chicago, which has accepted Dr. Brown into its fold, is the only body that can give the decree of expulsion, and it now lies with that organization to decide whether he shall be received back into the fold. Dr. Brown has announced his intention of appearing at Metropolitan hall on Sunday evening next, at which time and place he will make another confession—not to a select assemblage of pastors, but to any and all comers.

A NORTH ROUTE.

Russia May Establish a Route Across the Arctic Sea.

TACOMA, Wash., Jan. 27.—Russia greatly desires to find means of communication between her north coast and Siberia by crossing the Arctic sea. It is said she will make some experiments. According to advices received by Mr. Braemar, Admiral Makroff, of the Russian navy, has announced his belief that it is possible to travel to Siberia by water across the Arctic sea. He believes that communication with the north flowing Siberian rivers can be established through July and August, providing vessels bound for those ports are furnished with an escort of boats with ice plows. The government is planning to test his project, being greatly encouraged by the success of the Danish ice breakers in keeping Vladivostock harbor open this winter.

OFF FOR NEW YORK.

President McKinley Will Attend Manufacturers' Banquet in Gotham.

WASHINGTON, Jan. 27.—The president accompanied by Mr. Porter, his secretary, left Washington at 10 o'clock over the Pennsylvania railroad for New York, where he will attend the banquet to be given at the Waldorf-Astoria tonight by the National Association of Manufacturers. The president was met at the station by R. E. C. Smith, of New York, and Chas. A. Moore, of Brooklyn, the committee appointed by the association to escort him to New York.

Miss Mason Hartman is lying so ill that her life is despaired of.

FIRED HIS GUN.

David Jacobs Sends a Bullet After Louis Colson.

The Latter Was Ordered From the City Trucking Barn.

He Smashed Jacobs With a Heavy Neck Yoke.

The Shooting Caused Excitement on Columbia Street, But Luckily the Bullet Missed Fire.

The crack of a pistol on East Columbia street about 1 o'clock today, caused much excitement.

Last Saturday night Louis Colson, who had been employed as night watchman at the City Trucking barn was discharged. David Jacobs, the foreman, claims that since then Colson has been making trouble about the premises. Today when Colson called at the place Jacobs ordered him out, but he was in a belligerent mood and refused to go. He would fight, however, and grabbing a heavy neck yoke, smashed Jacobs over the shoulder. Colson then turned and ran away and Jacobs started after him. As the fleeing man darted north across the Nickel Plate tracks Jacobs fired a shot at him, but the aim was not true and Colson dashed down the embankment and was uninjured. Jacobs will probably file an affidavit against Colson for tresspass and assault and battery.

SENATOR LINDSAY

Has a Few Troubles of His Own.

His Constituency Denounce Him With the Accusation of Being "A Traitor to His Party."

FRANKFORT, Ky., Jan. 27.—After a hot debate this morning the lower house of the Kentucky legislature adopted a substitute resolution, offered by Representative Nelson, of Hardin, calling upon United States Senator Wm. Lindsay to resign if he cannot support the Chicago platform.

During the course of the debate such words as "party traitor," "recreant to his trust," and "gold bug," were freely bandied about. Representative Desha, a silver democrat from Harrison county, openly denounced Senator Lindsay as a traitor to his party and called upon him to return home and face an outraged constituency.

THREE MAY DIE.

Man Falls From a Scaffold and Carries Two Others With Him.

NEW YORK, Jan. 27.—An accident occurred today on a new twelve-story building in course of construction on Broadway, which will probably result in the death of three men. The injured are George McNamara and John Hammond, plasterers, and Michael Seaman, a laborer. Seaman was on the fifth floor superintending the building of a scaffold over an elevator shaft. He lost his balance and fell down the shaft. On the fourth floor McNamara and Hammond were standing on a slimsy scaffold already erected over the elevator. Seman, who weighs about 200 pounds, carried the scaffold on the fourth floor with him in his fall, and the three men crashed down to the sub cellar below. They were all internally injured and have slight chances for recovery.

FOR CONSUMPTIVES.

Buffalo Doctors Advocates Establishing a Colony in the Adirondacks.

ALBANY, N. Y., Jan. 27.—The establishment of a state colony for consumptives in the Adirondack region was advocated yesterday before the State Medical society by Dr. John H. Pryor, of Buffalo. He said there were 12,647 deaths in this state in 1897 from consumption.

"There is a time in the large proportion of pulmonary tuberculosis," he said, "when climate and proper care and environment will prove curative.

"The well-to-do take advantage of this opportunity, and consequently it has been demonstrated that lives may be saved or prolonged if the sufferers can obtain the costly remedy.

"The chief reason why about 13,000 consumptives die annually in this state is that the great majority have not the means to obtain the only promising relief and charity has failed to supply it. Thousands have died, and continue to die annually, simply because they are poor."

He says experience has shown that from 25 to 35 per cent. of consumptives are cured in the Adirondacks.

HUSBAND ABOVE LIFE.

Wife Whom He Tried to Kill Refuses to be Divorced.

ST. LOUIS, Jan. 27.—Delia Healy, wife of Policeman James Healy, refuses to be divorced and in her reply to her husband's bill files an interesting answer. She says he has no grounds, but wanted her to file a cross bill and obtain a divorce. This she declines to do, but incidentally names some charges against the officer. She says that he beat her repeatedly, shot at her, tried to kill her with a knife and on one occasion the neighbors turned in a fire alarm and called out the department to save her from being beaten to death. They were afraid to interfere. Yet she doesn't want a divorce.

HOTEL FOR BACHELORS.

Finest Building of Its Kind to be Erected in St. Louis.

ST. LOUIS, Jan. 27.—This city is to have another hotel, which will be one of the finest of its kind in the west. It will be a six-story, thoroughly fire-proof structure, and will have all the latest improvements and luxuries.

It will cater exclusively to men, and will contain suites of bachelor apartments designed especially for those who wish to be out of the heart of the city and yet convenient to business.

A beautiful banquet hall will be a prominent feature. The furnishings will be so sumptuous as to attract many of the swell functions which are now given in the downtown hostelries.

Its promoters, chief among whom is E. B. Simmons, of the E. C. Simmons Hardware company, are all wealthy men.

THE EVERETT CASE.

A Preliminary Hearing May be Waven.

Case Was Docketed in Justice Bullerman's Court—The Other News of the Courts.

The case against Charles E. Everett for embezzlement, in which E. W. Miner is the prosecuting witness, was docketed for hearing in Justice Bullerman's court this afternoon at 2 o'clock. At 2:30 neither Mr. Everett nor his attorney had put in an appearance. Attorney W. S. O'Rourke had earlier in the day telephoned Justice Bullerman that he thought a preliminary hearing would be waived and a bond given for Mr. Everett's appearance in the circuit court.

J. C. Peters Decides to Make Some Improvements.

Architect Kendrick is Preparing the Plans.

Will be the Handsomest Hotel in the State.

Mr. Kendrick is Making Measurements of the Hotel This Afternoon—Additions to be Made.

J. C. Peters has determined that Fort Wayne shall have the handsomest hotel in Indiana, and Architect Kendrick has been authorized to draw the plans for the improvements. A SENTINEL reporter talked to Mr. Peters this morning and he does not at present care to state exactly what the improvements will be. There will be some additions and the entire interior of the lobby will remodeled. The annex will be connected with the lobby on the lower floor and transformed into a reading room and ladies waiting room. Architect Kendrick is preparing to make the plans and this afternoon is taking the measurements of the building. When the plans are completed THE SENTINEL will give a detailed description of the improvements. Mr. Peters has about determined what they will be, but prefers to wait until the plans of the architect have been approved.

A NEW PETITION

May be Presented to the City Council

By the Advocates of Shawnee Avenue—Want the City Dads to Reconsider Their Action of Last Tuesday.

The residents of the south end of Fox avenue, formerly Shawnee avenue, are still determined in their opposition to the change of name and will make an effort to have the councilmen reconsider their action of Tuesday evening. This morning James Curry called at the city clerk's office to get the old petition to which will be added nine names, making a total of sixty-one as against thirty-one attached to the Fox petition. This new petition will ask the councilmen to reconsider their action on the grounds that a large majority of the property owners on the street prefer the name Shawnee. The most obstinate of the residents say they will not have the address of their mail changed and will stick to the old name. The matter of getting an injunction has been postponed until the council has an opportunity to reconsider.

He has been down to Montpelier and purchased a big quantity of nitro-glycerine, which is to be used in the "shooting." This explosive is being hauled overland in a wagon, as the railroads decline to haul it in its explosive form. A large number of Fort Wayne citizens are going down to see how it is done and all hope that the well will prove a paying one.

TO THE LAND OF GOLD

Clarence Cook Departs for the Klondike Fields.

Takes a Six Months' Leave of His Position as City Editor of the "Sentinel" —Why He Goes.

Clarence F. Cook, who for many years has occupied the city editor's chair of THE SENTINEL, left this morning for Seattle, Wash., from which port he expects to embark about February 20 for the gold fields of the Klondike.

The impression is popular that every newspaper man's job is a gold mine. This is erroneous. Some things pay better than scribbling. Hunting nuggets, for instance. Mr. Cook has taken this view of the matter and has been granted six months' leave of absence from THE SENTINEL and he expects to spend his vacation in the ice-clasped gold fields of Alaska.

The opportunity presented to Mr. Cook was unusually alluring. He is tendered a position as secretary of the Henderson Klondike Gold company, with such inducements to accept that he feels he ought not let the opportunity go by default. In addition to a handsome salary and expenses Mr. Cook will be privileged to embrace any opportunity that may be presented to lay hold of a section or two of the gold-seamed earth of the Klondike.

Mr. Henderson, head of the company with which Mr. Cook has become connected, was until about two years ago a traveling salesman for a Cincinnati paper house. In that way he and Mr. Cook became friends. In October last Mr. Henderson returned from a two years' sojourn in the Klondike region, bringing with him as a guarantee of time not spent in vain gold to the value of $80,000. While in the gold region Mr. Henderson acquired several claims and he has organized a company to work them and prospect for more. Mr. Henderson's claims lie along Henderson creek, where rich new discoveries were reported in THE SENTINEL telegraph colums a few days ago.

It is with exceeding regret that the attaches of THE SENTINEL view the departure of Mr. Cook. In addition to being a most faithful and capable news-gatherer, he is a bright, genial, companionable gentleman, with whom it is a pleasure to work. His employer and his editorial associates, while loth to have him go away, wish him the richest success which the new Eldorado may hold for the most fortunate of men. The trip is one that involves many grave considerations and Mr. Cook has the hearty wishes of a great host of friends for a safe passage and prosperous sojourn.

THERE ARE OTHERS.

But You Won't Find Them in This Section.

The Tippecanoe Minstrels Friday Night Will Convince You—Do Not Miss the Show.

The public has stood a good many bad minstrel shows, but it has never been up against anything quite so good as the Tippecanoes. The "Tips" are neither good or bad. They are both different and better. This will be explained tomorrow night on the stage of the Masonic Temple theater if the crowd will keep their seats long enough and refrain from getting out an injunction to stop the show.

The program for tomorrow night will be strictly up to date and will bristle with features, each one of which is worth the price of admission. Among the soloists are Messrs. Tom Snook, Walter Gerberding, Archie Bradley, Will McCoy, E. Huls, Clint Wilson, Victor Russell, Cornelius Smith and other vocalists of much merit.

The comedians are the "dancin'ist, killin'ist coons" you ever saw, or ever will. The Dougalls—John and Art—will do a turn (maybe two of them if there is no objection from the audience) that is guaranteed to be new and never before seen on any stage.

There will be acrobats galore and lofty tumbling of a surprising kind.

The performance will conclude with an afterpiece—"A Morning at the City Hall"—but the less said about this in advance the better. Go see it. See the whole show.

An electrical machine has been devised which can cut and butter 750 loaves of bread an hour. The butter is spread very thin by a cylindrical brush—so thin that a large saving of butter is guaranteed.

The best equipped person is not the one whose clothes and manners are the finest and the most polished, but the one whose heart is clean and true and whose mind is filled and trained. People may look at the first, but the second they will follow.

St. Louis is said to be underlaid with a vast reservoir of electricity. An electrician declares that if he should stick a wire into the ground at Fourth and Pine streets and run it through an incandescent bulb on Lindell avenue it would burn with a brilliant light. The source of the electricity is the tracks of the electric street railways.

Pekin's "Kin Pan" is the oldest newspaper in the world, having been published continuously for nearly a thousand years. It began as a monthly, became a weekly in 1361 and since the beginning of the century has been a daily. It now publishes three editions a day, and in order to prevent cheating by the venders prints them on papers of different colors, the first being yellow, the second white and the last gray.

A call has been issued for a national pure food congress to be held in Washington, beginning March 2. The avowed purpose of the meeting is to take steps to "check the growing evil of adulteration in food, drink and drugs." The promoters of this congress have undertaken a very large contract, but it is possible that they will accomplish at least something. Such a movement is in the public interest and will be warmly endorsed by the people, notwithstanding that the belief is general that the adulteration evil has gone too far to be checked.

When Liszt was learning pianoplaying he practiced ten hours a day for over twelve years. Ole Bull spent over twenty years in almost constant practice on the violin. With Paganini the violin was the study of a long time. For over twenty-five years he never allowed a day to pass without eight or ten hours of practice. Rubenstein devoted over fifteen years to studying the piano. Paderewski has devoted a lifetime to his instrument.

Speaking of beer drinking, the Scientific American, alleges that beer used to excess is more brutalizing than whisky. "The most dangerous class of ruffians," it says, "in our large cities are beer drinkers. The very lowest form of inebriety, closely allied to criminal insanity, follows from beer drinking. A beer drinker may be the picture of health, he may weigh 300 or 400 pounds, but in reality he is most incapable of resisting disease. Compared with inebriates who use whiskey, he is more incurable, more generally diseased."

An interesting story is being told of the way the czar recently administered a rebuke to his officers. It seems there is a great deal of extravagance and luxury among the upper grades of the Russian army, and a young officer who had been guilty of riding in a tramcar for the sake of economy had been asked by his fellow officers to send in his resignation. When the czar heard this he himself rode down to the barracks a tramcar and presented himself before his officers with the startling question whether they desired him to send in his resignation.

At the annual meeting of the New York State Association of County Agricultural societies in Albany, last week, the question, "What is the best attraction at a county fair?" was propounded. There were many answers, but the one above all others that had the merit of profound candor and truth was given by a delegate from Chemung county, who declared that the greatest attraction is a certain popular oriental dance. There was a day when the public was attracted to the county fair by the opportunity afforded to inspect blooded stock, finely bred cattle, to marvel at enormous porkers, Cyclopean bulls and abnormal pumpkins and squashes. The "midway" exhibitions at the world's fair so perverted the established taste that something livelier is now demanded and the "coochee-coochee" seems to fill the bill.

The bureau of ethnography of the Smithsonian institute, in order to preserve a record of the Hawaiian language, has had the native Hawaiians now in Washington talk into graphophones. One of the Hawaiian songs and one of the speeches by the natives have been so preserved. Mr. William Churchill, former consul general to Somoa, has also recorded one of the Malietoa war songs, supposed to be about 400 years old, which has been handed down to the Samoans from generation to generation. He also sang several other songs into the reproducing machines, one of them being the national hymn, which was the farewell song to Admiral Kimberly. The bureau of ethnography in this manner has preserved the language of a number of Indian tribes of the west. Professor Mooney took a graphophone during the ghost-dance craze among the Indians several years ago and with this a large number of the speeches of the Indians while in a trance condition during the ghost dance were obtained. In no other way could duplicates of such speeches have been made.

BROTHER DISAPPEARS.

Member of Notre Dame Faculty Can't Be Found.

Chicago, Jan. 27.—Brother Alfred of the faculty of Notre Dame university, Notre Dame, Ind., left the residence of M. A. McGuire, No. 309 Webster avenue, last Friday morning, to attend early mass at St. Vincent's church, Webster and Sheffield avenues, and disappeared. Descriptions have been sent to every police station in Chicago, and detectives from central station have been detailed to search for him, but no information can be learned of his movements Friday morning, and nothing can be discovered as to his present whereabouts. Brother Alfred is an instructor of French at Notre Dame, and makes periodical visits to Chicago, always staying at the McGuire residence, on the north side. He is sixty-five years old, of small stature, with gray hair and smooth face.

KILLED BY A MOB.

Negress Who Murders a Young Man Slain by His Friends.

Memphis, Tenn., Jan. 27.—A negro woman, whose crime was the clubbing of a fatally wounded young white man's head into pulp, has been killed by a mob of the young man's relatives and friends a few miles south of Natchez, Miss.

The vengeance was of the most summary character, the woman being shot to death and her body left in the swamp, in which she had taken refuge after the perpetration of her crime. Several negro men, who fled with the woman, would have been disposed of in like manner by the mob had they not succeeded in eluding the pursuers.

THE LODGES.

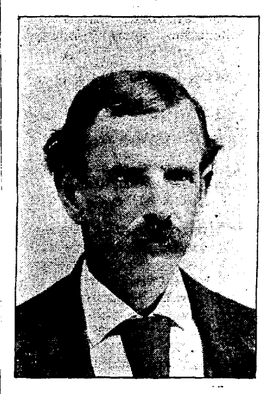

A Short History of the K. of L. in Fort Wayne.

At the Height of Its Power in 1885, With 3,000 Members—Other Lodge News of Interest.

The Knights of Labor in Fort Wayne are not without an interesting history. The first assembly of the Knights of Labor was organized in 1882, under the name of Kekionga assembly, and continued in existence for some time, when it surrendered its charter. But the spirit of organization lived and in 1885, at the time of the big strike on the Wabash railroad, the great boom for the order began in the Summit City by the organization of Wabash assembly, which in a short time reached a membership of over 500 members, and this was rapidly followed by the organization of Summit City assembly, Germania assembly, Union assembly, Morning Star assembly, Rising Sun assembly, Live Oak assembly, a wheelmaker's assembly and a street railway employes' assembly. In a short time the membership of these assemblies numbered in round numbers 3,000 members. Previous to the organization of the Knights of Labor in Fort Wayne organized labor was represented by a few unions, such as the Typographical union, Cigarmakers union and the Brotherhood of Locomotive Engineers, but up to the time of the great Knights of Labor boom in 1885 organized labor had no strength in the Summit City, and the power of organized labor in Fort Wayne really dates from 1885, when the Knights of Labor developed its phenomenal strength and took up the battles of the various laboring men who had grievances.

ADAM HAAG,
Master Workman Liberty Assembly No. 2315 K. of L.

JOHN C. MITCHELL,
Worthy Foreman Liberty Assembly No. 2315 K. of L.

For several years the Knights of Labor retained their wonderful strength as a labor factor, when through various causes the membership dwindled, but the cause of organized labor lived by the organization of many new labor unions, by men who had received their schooling in the ranks of the Knights of Labor, thereby perpetuating the cause of organized labor in the Summit City. Men die, organizations die but principles are as eternal as the hills. With all the ups and downs of the Knights of Labor in Fort Wayne, and after Germania, Summit City, Union assembly and the other assemblies had died, Wabash assembly, which had in the meantime changed its name to Liberty assembly, continued to live, being made up of the staunch and true Knights of Liberty assembly and those members of the defunct assemblies who believed in the great principles laid down by the order, and the impress of Liberty assembly upon the labor movement in the Summit City was shown upon many occasions. In 1895 Liberty assembly surrendered its charter, but in 1897 the spirit of knighthood which still lived caused a revival of Liberty assembly No. 2315, by many of the old members and much new blood, and it was installed by General Master Workman Sovereign during the short time he made his headquarters in Fort Wayne. Liberty assembly will continue in the grand work of upbuilding the masses and invites within its fold all who believe in the principles of the order, and who are deemed worthy of membership in its ranks.

D. OF R., I. O. O. F.

The new officers of Queen Esther lodge, No. 324, D. of R., I. O. O. F., have commenced the term with bright prospects of having a very busy and prosperous year. The degree staff, under the instruction of Captain Sister Benoy, is getting the word down to a fine point. The degree staff on initiation visited the Maysville lodge last week and instructed eleven candidates in the mysteries of the Rebekah degree and spent a most enjoyable time.

SONS OF VETERANS.

Col. E. S. Walker camp, No. 159, Sons of Veterans, will give an entertainment, social and dance at True Bule hall Thursday evening, February 3. There will be a literary and musical entertainment, after which light refreshments will be served and conclude with a dance. The Sons of Veterans often give these popular dances which are always well patronized, as all know none but respectable persons are allowed to attend.

FRATERNAL MYSTIC CIRCLE.

The ladies of Fort Wayne Ruling, No. 662, have arranged to give a box social on Friday evening, February 4th, (a week from tomorrow), in the hall over the White Fruit House. All members of the Ruling, their relatives, friends and acquaintances are urged to come and have a good time. "Your money back" if you don't thoroughly enjoy it. No admission will be charged to ladies, but they are to bring a box containing lunch for two. Dancing is on the program and the usual entertainment will be provided.

Brother D. E. Stevens, S. M. R., of Philadelphia, has communicated to the Ruling, under date of January 25th, and the following is a synopsis: "I note that your ruling expects to hold a Washington social and entertainment on the evening of February 22. I will try to make every arrangement to be present on that occasion and trust that you may not be disappointed as to the results of the meeting. Doubtless the occasion will tend to help onward the good work of the order in your city." All the committees for this observance of Washington day are making favorable reports.

A. O. U. W.

There was a good attendance at the meeting of No. 36 last Thursday evening and there seemed to be renewed interest in the lodge work. Charles P. Sordelet, the popular clerk at the hardware store of Pfeiffer & Schlatter, was given both degrees. Several applications for membership were received and referred to investigating committees. These will be acted upon at the next meeting. Aside from this there will be business of especial interest to the entire membership. This lodge has always taken especial interest in caring for sick members and their families and it is this important matter that demands the attention of the entire membership.

Since the regular election of officers in lodge No. 50 there have been some changes and the roster of officers is now as follows:

Past Master Workman—George A. Sthair.
Master Workman—Henry M. Whiteman.
Foreman—Charles Miller.
Overseer—John J. Arnold.
Recorder—W. E. Keller.
Receiver—A. F. Robbe.
Financier—James Curry.
Guide—Emmet W. Dunfee.
Inside Watch—George Bloch.
Outside Watch—John Koenig.
Representative to Grand Lodge—Emmet W. Dunfee.
Alternate—A. F. Robbe.

A. F. Robbe is serving his ninth term as receiver and has shown himself to be a competent officer.

No. 50 has extended invitations to members of Nos. 19 and 36 to meet with them tomorrow evening and the latter lodges have accepted. This sociability between the different lodges tends to foster the feeling of friendship among the members.

On Friday evening February 4th, Fort Wayne lodge No. 19, will give a benefit entertainment and social at their hall on East Berry street. It is for a worthy cause and will no doubt be well patronized.

DEGREE OF HONOR.

Despite the inclemency of the weather the attendance at the meeting of D. of H. No. 2 lodge was large and the proceedings very interesting. The members of this order are wide awake and progressive.

The mask social given at the home of Mrs. Geo. Misner was a success in every feature. The house was filled to overflowing and many and unique were the mask costumes. It is unnecessary to say that all enjoyed themselves very much, thanks to the genial host and hostess. A handsome sum of money also was realized. The lodge is now arranging for a tea to be given at the home of Mrs. C. M. Comparet, on Edgewater avenue, Thursday afternoon of next week.

Later in the month they expect to give an old fashioned taffy pulling at their hall.

Lodge No. 26 gave a masquerade dance last evening at the hall of No. 50, A. O. U. W., on Calhoun street. There was a large attendance and a pleasant evening was passed.

IRISH NATIONAL ALLIANCE.

The new council of the Irish National alliance will meet Sunday afternoon at 4 o'clock at Library hall. The meeting promises to be an interesting one and it is expected that a number of applications for membership will be received.

MODERN AMERICAN FRATERNAL ORDER.

The Modern American Fraternal order initiated forty applicants last night. This was the largest class ever taken in at a single meeting since the local lodge was instituted.

DAUGHTERS OF WORKMEN.

This order meets regularly on Tuesday evening of each week. At the last meeting there was a good attendance and the usual interest manifested. Next Tuesday the lodge will be entertained with a debate, led by Mrs. Baer and Mrs. Robinson.

K. O. T. M.

Wayne tent No. 54, at their review last Thursday evening, had a very interesting meeting. There was balloting for three candidates. Sir Knight Ira J. Binkley, of Churubusco, was present and gave quite an interesting talk on Maccabeeism.

The entertainment and dance to be given by Wayne tent at the Broadway theatre Tuesday night, Feb. 1st, will be a social event for the Maccabees of this city. Prof. Thompson's orchestra will furnish the music and the original Schroeder Dramatic company has been engaged to present the New England comedy, "Hickory Farm," with the following cast:

Ezekiel Fortune	Charles Hartman
Uriah Skinner	William Stradley

Past Counselor, A. Foster; counselor, Chas. T. Geary; vice counselor, H. M. Leund; scribe, L. F. Shreve; cashier, Walter E. Cook; chaplain, Mary Cotner; sergeant, M. F. Gay; master-at-arms, Nora E. Lincoln; first master guard, Lizzie Yoast; second master guard, Ella Reehling; sentinel, Ellen Parker; picket, John Snowberger; organist, Nora A. Shreve.

The retiring officers have served faithfully, with success, and deserve and have the thanks of the order. The new officers will have the support of the full membership for the success of the order the coming year, and expect to accomplish a vast amount of good.

K. OF P.

Fort Wayne lodge, No. 116, K. of P., has begin a new era of activity since the introduction of the elevator to their hall, which is now one of the most elegant lodge rooms in the city.

The rank of knight was conferred upon Bert Sheafer, a clerk at Root & Company's dry goods store, last week.

There are a number of applications for ranks of knighthood and there will be work in several ranks almost every meeting night.

Next Tuesday, February 1st, there will be a banquet given to the members of Fort Wayne lodge to which Phoenix lodge, No. 101, as well as New Haven and Monroeville lodges and all visiting and sojourning Knights are cordially invited. There will, no doubt, be a large attendance, and to improve the opportunity there will, at that time, be arrangements perfected to attend the district meeting at Huntington, on February 18th. Every Knight of Pythias of Fort Wayne should be present and enjoy a good time next Tuesday evening.

DON'T BELIEVE IT

When Friends Say "You'll be All Right By and By."

You Must Act for Yourself if You Want to Get Well.

You Can Certainly Be Cured By Dr. Greene's Nervura.

When you are ill from overwork, worry, exposure or excesses, when your vigor has departed and your strength and vitality is lost and your friends say, "Oh, don't despair, you'll be all right by and by," don't believe it. When your friends tell you to cheer up and hope for recovery through the ordinary processes of nature, they simply express their wish. They want to see you well, but their wish will not save you. You must act yourself. You are on the downward road and need a sure and effective medicine to arrest the progress of the disease and restore you to health and strength.

There is only one medicine which will surely cure you, and that is Dr. Greene's Nervura blood and nerve remedy, the grand health giver, which has cured so many sick and suffering people.

Mrs. William H. Dow, of Argyle, Maine, says:

"I want to tell of the benefit I have derived from Dr. Greene's Nervura blood and nerve remedy. When I commenced using this medicine I had been sick in bed for nine weeks. I suffered terribly with my back, and my limbs were so numb at times that I would pinch them to see if I could get any feeling in them. I was very nervous, had no appetite, and could not sleep.

"I suffered so much that I was reduced to a very weak state, and was almost a skeleton. I took seven bottles of Dr. Greene's Nervura blood and nerve remedy, and began to improve almost as soon as I began taking it. For the last six months I have been able to do my housework for a family of six and have hardly had a sick day. I give thanks for what Dr. Greene's Nervura has done for me."

Use Dr. Greene's Nervura and be cured.

You can consult Dr. Greene, 148 State St., Chicago, Ill., absolutely free of charge, personally or by letter.

DANCES AND SEEKS DEATH.

Forced to Disgrace Herself, Mrs. Higgins Attempts Suicide.

St. Louis, Mo., Jan. 27.—On a cot at the city hospital lies a woman dying from the effects of carbolic acid self-administered.

Disgraced and shamed by a maudlin husband before maudlin friends, Mrs. Grace Higgins decided it were better to seek death than continue to live after the episode. Her chances of recovery are slight. Mrs. Higgins is thirty-one years old, slender and pretty.

The charge she places against her husband has shocked the city. The latter is stage manager of a local theater. Higgins had been drinking. He returned home late, bringing a party of friends with him. His wife was sick in bed.

Higgins asked her to get up and dance. After much talk she did so, recalling a dance she had learned in other days. The company was well pleased and boisterously demanded the hoochi-coochi. She refused.

"Get up and dance," said her husband.

"I cannot," she answered. "Have I not danced enough?"

"Get up and dance," he repeated savagely. "We want the hoochi-coochi, and it goes."

Wearily the woman tottered from her bed. She danced until her eyes fairly started from their sockets. At the end she was fainting.

"I was heartsick and body sick," she said at the hospital, "and decided to make an end of it all."

SOLID COMFORT.

In New York a short while ago a baby was born in jail. Its mother was being tried for murder. Every womanly heart gives a throb of sympathy at thought of the blight upon the poor little baby's life. But a baby need not be born in jail to be unfortunate. Any baby which is not welcomed into this world with loving hearts and ready hands is unfortunate. Any mother who is physically weak and incapable of bestowing a healthy constitution upon her baby may darken its future with weakness and disease.

A prospective mother ought to insure her baby's welfare by every means that Nature and science afford to keep her physical powers up to the very highest point.

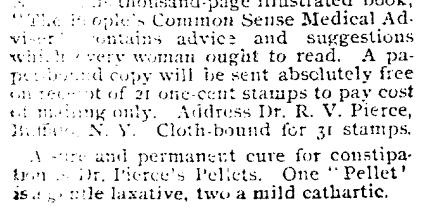

Every expectant mother ought to know and avail herself of the strengthening and re-enforcing properties of Dr. Pierce's Favorite Prescription. It gives health and endurance to the delicate organs concerned in motherhood. Taken early during the period of expectancy, it makes the coming of baby perfectly safe and comparatively easy. It makes the mother strong and cheerful, and gives health and natural vigor to the child.

It is the only medicine of its kind devised for weak and delicate women by an educated, experienced physician.

For nearly 30 years Dr. Pierce has been chief consulting physician to the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y. His thousand-page illustrated book, "The People's Common Sense Medical Adviser" contains advice and suggestions which every woman ought to read. A paper-bound copy will be sent absolutely free on receipt of 21 one-cent stamps to pay cost of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound for 31 stamps.

A sure and permanent cure for constipation is Dr. Pierce's Pellets. One "Pellet" is a gentle laxative, two a mild cathartic.

Health is Wealth.

ANTI-SCALPING.

The Bill Before the Senate Committee.

A Movement to Combine it With the Inter-State Commerce Commission Bill—Shop and Rail.

WASHINGTON, Jan. 27.—The senate committee on interstate commerce held its first executive meeting today for the consideration of the anti-scalping bill. The hearings were brought to a close and the committee decided to exert every effort to reach a vote at the meeting to be held a week from today. The opponents of the bill did not evince a disposition to postpone the vote longer than necessary to present their views and some of them expressed the opinion that the vote would not under any circumstances be deferred longer than two weeks.

There was also a general agreement to accept the house bill as the basis of future consideration. This bill was originally a copy of the senate bill, but it was amended by the committee in particulars which meet with the approval of the senate committee.

At today's meeting several amendments additional to those made by the house committee were suggested. Among these was one compelling the railroad companies to redeem the unused portion of tickets at a rate proportionate to the cost of the entire ticket; another mitigating the penalties imposed for violation of the law, and still another consolidating the bill with the bill introduced by Senator Cullom last week for the improvement of the status of the inter-state commerce commission. It was stated that other amendments still would be offered and the intimation was given out that one of these might provide that passes should be made good to the bearer.

The discussion was along the lines indicated by these suggestions, but there was not a sufficiently general expression of opinion to form a definite idea of what the vote will be. The opponents of the bill count upon getting five votes for their proposition to consolidate the anti-scalping with the commission bill and they are even hopeful of securing the sixth vote, which would carry it. In case the motion should prevail, the effect would be equivalent to a postponement, as some time would be necessary to consider the commission bill.

During the course of the meeting today Senator Elkins, who has been considered an avowed advocate of the anti-scalping bill, expressed himself as somewhat doubtful as to its expediency. He said that while many of the railroads were evidently favorable in a degree to it, there were only two, the New York Central and the Pennsylvania railroad, which were pressing it with apparent zeal. He said, in view of this fact, he had reached the conclusion that the majority of the lines were at best indifferent, while he thought that some of them were actually opposed to it.

HAND MANGLED.

Charles Holman, of No. 11 Herman street, an employe of the Olds Wagon works, met with a shocking accident at 11 o'clock this morning. While at work about some machinery his right hand came in contact with the bits and was so badly mangled that Dr. A. J. Kesler had to amputate the thumb and the first and second fingers.

WILL GO TO NEW YORK.

Carroll C. Gould, for the past half dozen years private secretary to R. T. McDonald, has tendered his resignation, to take effect next Monday. He has accepted a very responsible and lucrative position with Messrs. Leonard & Ellis, of New York, one of the largest oil houses in the world. James A. Gould, a clerk in the shipping department of the electric works, has also resigned and will accompany his brother to New York and also enter the employ of Leonard & Ellis. These young men are sons of Theodore Gould, the well known passenger engineer on the Pittsburg, were born and educated in this city and are known to most all of our citizens, who wish them abundant success in their new positions.

A NEW RAILROAD

Toledo is to have a new railroad. Articles of incorporation have already been filed. The capital stock of the company is $100,000. It is the purpose of the company to build a standard railroad track from North Toledo to a point on the bay shore about three miles north of Alexis. The road will be from ten to twelve miles in length, and will be well equipped. On the bay shore, where there is a bathing beach of white sand for a distance of several miles, a summer hotel will be erected. A hall for amusement purposes will be constructed and buildings will be put up something after the Coney Island style.

BIG SALE OF MACHINERY.

Yesterday the Bass Foundry and Machine company received a few nice orders for castings and machinery, among them being the following: For a 500-horse power Corliss engine and all the appurtenances to a steam plant from the Wolf company, of Chicago; the machinery to be delivered and set up in New Orleans. The Wolf company is extensively engaged in the manufacture and erection of ice plants. For a galvanizing tank from the G. R. Marcey Manufacturing company, of Bluffton, Ind., and for several car loads of castings from a firm in Milwaukee, Wis. These castings are to be "machined," which work will furnish employment for the operators of the lathes and planers in the machine shop for several weeks. Work in that department had become scarce and this order will be welcomed by the men. The Bass works is about to complete a large galvanizing tank for the Flint & Walling Manufacturing company, of Kandallville, which will be shipped to that city in a few days.

A class X engine, No. 267, is now hauling the Pennsylvania limited on the western division of the Pittsburg, Fort Wayne and Chicago road and it takes its trains through on time in all kinds of weather. There were over thirty of this class of engines built in the Fort Wayne shops during the years 1892 and 1893, and there never was a better locomotive constructed. Most of these engines are now employed in the fast freight service east of Pittsburg, where speed and hauling capacity must be of the maximum. No. 267 was the first engine of this pattern turned out of the shops in this city.

FARMERS' BULLETIN.

The Agricultural Department Gives Useful Information.

Director A. A. True Tells the Result of Many Experiments of an Agricultural Nature.

WASHINGTON, Jan. 27.—The second number of "Experiment Station Work," prepared under the direction of Director A. C. True, has been published by the agricultural department as a farmers' bulletin. It contains a great deal of information on topics of interest to the farmer, the most important of which probably is that relating to the value of common crops for forage and a discussion of the question whether farmers can mix their own fertilizers economically. On this latter subject the bulletin says the unanimous conclusion reached by the experiment stations which have given the closest attention to the subject is that it is entirely practical and economic under certain conditions for farmers to buy the different fertilizing materials in the crude state and to mix them on the farm, and they have made every effort to encourage and assist them in the practice. There is no doubt that ashes are a valuable fertilizer when used with proper care and discrimination, but there is considerable danger that they may be, and are at present, overestimated by farmers, and money is expended in many cases in the purchase of ashes which might be more economically used in buying other forms of fertilizer. Other subjects treated of in the bulletin are stock melons, starch and potatoes, crimson clover, geese for profit, cross-pollination and a germ fertilizer.

Members of the Mob Who Burned Seminoles to be Arrested.

GUTHRIE, Okla., Jan. 27.—Deputy United States Marshal Tilghman has returned from Pottawatomie county, where he had been for a week investigating the recent burning of the two Seminole Indians. He states that there is no truth in the report of the arrest of some of the lynchers. There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address,

An electrical machine has been devised which can cut and butter 750 loaves of bread an hour. The butter is spread very thin by a cylindrical brush—so thin that a large saving of butter is guaranteed.

The best equipped person is not the one whose clothes and manners are the finest and the most polished, but the one whose heart is clean and true and whose mind is filled and trained. People may look at the first, but the second they will follow.

St. Louis is said to be underlaid with a vast reservoir of electricity. An electrician declares that if he should stick a wire into the ground at Fourth and Pine streets and run it through an incandescent bulb on Lindell avenue it would burn with a brilliant light. The source of the electricity is the tracks of the electric street railways.

Peking's "Kin Pan" is the oldest newspaper in the world, having been published continuously for nearly a thousand years. It began as a monthly, became a weekly in 1361 and since the beginning of the century has been a daily. It now publishes three editions a day, and in order to prevent cheating by the venders prints them on papers of different colors, the first being yellow, the second white and the last gray.

A call has been issued for a national pure food congress to be held in Washington, beginning March 2. The avowed purpose of the meeting is to take steps to "check the growing evil of adulteration in food, drink and drugs." The promoters of this congress have undertaken a very large contract, but it is possible that they will accomplish at least something. Such a movement is in the public interest and will be warmly endorsed by the public, notwithstanding that the belief is general that the adulteration evil has gone too far to be checked.

When Liszt was learning piano playing he practiced ten hours a day for over twelve years. Ole Bull spent over twenty years in almost constant practice on the violin. With Paganini the violin was the study of a long time. For over twenty-five years he never allowed a day to pass without eight or ten hours of practice. Rubenstein devoted over fifteen years to studying the piano. Paderewski has devoted a lifetime to his instrument.

Speaking of beer drinking, the Scientific American alleges that beer used to excess is more brutalizing than whisky. "The most dangerous class of ruffians," it says, "in our large cities are beer drinkers. The very lowest form of inebriety, closely allied to criminal insanity, follows from beer drinking. A beer drinker may be the picture of health, he may weigh 300 or 400 pounds, but in reality he is most incapable of resisting disease. Compared with inebriates who use whiskey, he is more incurable, more generally diseased."

An interesting story is being told of the way the czar recently administered a rebuke to his officers. It seems there is a great deal of extravagance and luxury among the upper grades of the Russian army, and a young officer who had been guilty of riding in a tramcar for the sake of economy had been asked by his fellow officers to send in his resignation. When the czar heard this he himself rode down to the barracks a tramcar and presented himself before his officers with the startling question whether they desired him to send in his resignation.

At the annual meeting of the New York State Association of County Agricultural societies in Albany, last week, the question, "What is the best attraction at a county fair?" was propounded. There were many answers, but the one above all others that had the merit of profound candor and truth was given by a delegate from Chemung county, who declared that the greatest attraction is a certain popular oriental dance. There was a day when the public was attracted to the county fair by the opportunity afforded to inspect blooded stock, finely bred cattle, to marvel at enormous porkers, Cyclopean bulls and abnormal pumpkins and squashes. The "midway" exhibitions at the world's fair so perverted the established taste that something livelier is now demanded and the "coochee-coochee" seems to fill the bill.

The bureau of ethnography of the Smithsonian institute, in order to preserve a record of the Hawaiian language, has had the native Hawaiians now in Washington talk into graphophones. One of the Hawaiian songs and one of the speeches by the natives have been so preserved. Mr. William Churchill, former consul general to Somoa, has also recorded one of the Malietoa war songs, supposed to be about 400 years old, which has been handed down to the Samoans from generation to generation. He also sang several other songs into the reproducing machines, one of them being the national hymn, which was the farewell song to Admiral Kimberly. The bureau of ethnography in this manner has preserved the language of a number of Indian tribes of the west. Professor Mooney took a graphophone during the ghost-dance craze among the Indians several years ago and with this a large number of the speeches of the Indians while in a trance condition during the ghost dance were obtained. In no other way could duplicates of such speeches have been made.

THE LODGES.

A Short History of the K. of L. in Fort Wayne

At the Height of Its Power in 1885. With 3,000 Members. Other Lodge News of Interest.

The Knights of Labor in Fort Wayne are not without an interesting history. The first assembly of the Knights of Labor was organized in 1882, under the name of Kelionga assembly, and continued in existence for some time, when it surrendered its charter. But the spirit of organization lived and in 1885, at the time of the big strike on the Wabash railroad, the great boom for the order began in the Summit City by the organization of Wabash assembly, which in a short time reached a membership of over 500 members, and this was rapidly followed by the organization of Summit City assembly, Germania assembly, Union assembly, Morning Star assembly, Rising Sun assembly, Live Oak assembly, a wheelmaker's assembly and a street railway employes' assembly. In a short time the membership of these assemblies numbered in round numbers 3,000 members. Previous to the organization of the Knights of Labor in Fort Wayne organized labor was represented by a few unions, such as the Typographical union, Cigarmakers union and the Brotherhood of Locomotive Engineers, but up to the time of the great Knights of Labor boom in 1885 organized labor had no strength in the Summit City, and the power of organized labor in Fort Wayne really dates from 1885, when the Knights of Labor developed its phenomenal strength and took up the battles of the various laboring men who had grievances.

ADAM HAAG,
Master Workman Liberty Assembly No. 2215 K. of L.

JOHN C. MITCHELL,
Worthy Foreman Liberty Assembly No. 2215 K. of L.

For several years the Knights of Labor retained their wonderful strength as a labor factor, when through various causes the membership dwindled, but the cause of organized labor lived by the organization of many new labor unions, by men who had received their schooling in the ranks of the Knights of Labor, thereby perpetuating the cause of organized labor in the Summit City. Men die, organizations die but principles are as eternal as the hills. With all the ups and downs of the Knights of Labor in Fort Wayne, and after Germania, Summit City, Union assembly and the other assemblies had died, Wabash assembly, which had in the meantime changed its name to Liberty assembly, continued to live, being made up of the staunch and true Knights of Liberty assembly and those members of the defunct assemblies who believed in the great principles laid down by the order, and the impress of Liberty assembly upon the labor movement in the Summit City was shown upon many occasions. In 1895 Liberty assembly surrendered its charter, but in 1897 the spirit of knighthood which still lived caused a revival of Liberty assembly No. 2315, by many of the old members and much new blood, and it was installed by General Master Workman Sovereign during the short time he made his headquarters in Fort Wayne. Liberty assembly will continue in the grand work of upbuilding the masses and invites within its fold all who believe in the principles of the order, and who are deemed worthy of membership in its ranks.

BROTHER DISAPPEARS.

Member of Notre Dame Faculty Can't Be Found.

Chicago, Jan. 27.—Brother Alfred of the faculty of Notre Dame university, Notre Dame, Ind., left the residence of M. A. McGuire, No. 309 Webster avenue, last Friday morning, to attend early mass at St. Vincent's church, Webster and Sheffield avenues, and disappeared. Descriptions have been sent to every police station in Chicago, and detectives from central station have been detailed to search for him, but no information can be learned of his movements Friday morning, and nothing can be discovered as to his present whereabouts. Brother Alfred is an instructor of French at Notre Dame, and makes periodical visits to Chicago, always staying at the McGuire residence, on the north side. He is sixty-five years old, of small stature, with gray hair and smooth face.

KILLED BY A MOB.

Negress Who Murders a Young Man Slain by His Friends.

Memphis, Tenn., Jan. 27.—A negro woman, whose crime was the clubbing of a fatally wounded young white man's head into pulp, has been killed by a mob of the young man's relatives and friends a few miles south of Natchez, Miss.

The vengeance was of the most summary character, the woman being shot to death and her body left in the swamp, in which she had taken refuge after the perpetration of her crime. Several negro men, who fled with the woman, would have been disposed of in like manner by the mob had they not succeeded in eluding the pursuers.

DEGREE OF HONOR.

Despite the inclemency of the weather the attendance at the meeting of D. of H. No. 2 lodge was large and the proceedings very interesting. The members of this order are wide awake and progressive.

The mask social given at the home of Mrs. Geo. Misner was a success in every feature. The house was filled to overflowing and many and unique were the mask costumes. It is unnecessary to say that all enjoyed themselves very much, thanks to the genial host and hostess. A handsome sum of money also was realized. The lodge is now arranging for a tea to be given at the home of Mrs. C. M. Comparet, on Edgewater avenue, Thursday afternoon of next week.

Later in the month they expect to give an old fashioned taffy pulling at their hall.

Lodge No. 26 gave a masquerade dance last evening at the hall of No. 50, A. O. U. W., on Calhoun street. There was a large attendance and a pleasant evening was passed.

D. OF R., I. O. O. F.

The new officers of Queen Esther lodge, No. 324, D. of R., I. O. O. F., have commenced the term with bright prospects of having a very busy and prosperous year. The degree staff, under the instruction of Captain Sister Benoy, is getting the word down to a fine point. The degree staff on initiation visited the Maysville lodge last week and instructed eleven candidates in the mysteries of the Rebekah degree and spent a most enjoyable time.

SONS OF VETERANS.

Col. E. S. Walker camp, No. 159, Sons of Veterans, will give an entertainment, social and dance at True Bule hall Thursday evening, February 3. There will be a literary and musical entertainment, after which light refreshments will be served and conclude with a dance. The Sons of Veterans often give these popular dances which are always well patronized, as all know none but respectable persons are allowed to attend.

FRATERNAL MYSTIC CIRCLE.

The ladies of Fort Wayne Ruling, No. 662, have arranged to give a box social on Friday evening, February 4th, (a week from tomorrow), in the hall over the White Front House. All members of the Ruling, their relatives, friends and acquaintances are urged to come and have a good time. "Your money back" if you don't thoroughly enjoy it. No admission will be charged to ladies, but they are to bring a box containing lunch for two. Dancing is on the program and the ladies will see that other amusements will be plentiful.

Brother D. E. Stevens, S. M. R., of Philadelphia, has communicated to the Ruling, under date of January 25th, and the following is a synopsis: "I note that your ruling expects to hold a Washington social and entertainment on the evening of February 22. I will try to make every arrangement to be present on that occasion and trust that you may not be disappointed as to the results of the meeting. Doubtless the occasion will tend to help onward the good work of the order in your city." All the committees for this observance of Washington day are making favorable reports.

A. O. U. W.

There was a good attendance at the meeting of No. 36 last Thursday evening and there seemed to be renewed interest in the lodge work. Charles P. Sordelet, the popular clerk at the hardware store of Pfeiffer & Schlatter, was given both degrees. Several applications for membership were received and referred to investigating committees. These will be acted upon at the next meeting. Aside from this there will be business of especial interest to the entire membership. This lodge has always taken especial interest in caring for sick members and their families and it is this important matter that demands the attention of the entire membership.

Since the regular election of officers in lodge No. 36 there have been some changes and the roster of officers is now as follows:

Past Master Workman—George A. Sthair.
Master Workman—Henry M. Whiteman.
Foreman—Charles Miller.
Overseer—John J. Arnold.
Recorder—W. E. Keller.
Receiver—A. F. Robbe.
Financier—James Curry.
Guide—Emmet W. Dunfee.
Inside Watch—George Bloch.
Outside Watch—John Koenig.
Representative to Grand Lodge—Emmet W. Dunfee.
Alternate—A. F. Robbe.

A. F. Robbe is serving his ninth term as receiver and has shown himself to be a competent officer.

No. 50 has extended invitations to members of Nos. 19 and 36 to meet with them tomorrow evening and the latter lodges have accepted. This sociability between the different lodges tends to foster the feeling of friendship among the members.

On Friday evening February 4th, Fort Wayne lodge No. 19, will give a benefit entertainment and social at their hall on East Berry street. It is for a worthy cause and will no doubt be well patronized.

K. AND L. OF COLUMBIA.

The Knights and Ladies of Columbia are having a fruitful career. They have installed the following officers to serve for the ensuing year:

Past Counselor, A. Foster; counselor, Chas. T. Geary; vice counselor, H. M. Leund; scribe, L. F. Shreve; cashier, Walter E. Cook; chaplain, Mary Comer; sergeant, M. F. Gay; master-at-arms, Nora E. Lincoln; first master guard, Lizzie Yonat; second master guard, Ella Reehling; sentinel, Ellen Parker; picket, John Snowberger; organist, Nora A. Shreve.

The retiring officers have served faithfully, with success, and deserve and have the thanks of the order. The new officers will have the support of the full membership for the success of the order the coming year, and expect to accomplish a vast amount of good.

K. OF P.

Fort Wayne lodge, No. 116, K. of P., has begin a new era of activity since the introduction of the elevator to their hall, which is now one of the most elegant lodge rooms in the city.

The rank of knight was conferred upon Bert Sheafer, a clerk at Root & Company's dry goods store, last week.

There are a number of applications for ranks of knighthood and there will be work in several ranks almost every meeting night.

Next Tuesday, February 1st, there will be a banquet given to the members of Fort Wayne lodge to which Phoenix lodge, No. 101, as well as New Haven and Monroeville lodges and all visiting and sojourning Knights are cordially invited. There will, no doubt, be a large attendance, and to improve the opportunity there will, at that time, be arrangements perfected to attend the district meeting at Huntington, on February 16th. Every Knight of Pythias of Fort Wayne should be present and enjoy a good time next Tuesday evening.

DON'T BELIEVE IT

When Friends Say "You'll be All Right By and By."

You Must Act for Yourself if You Want to Get Well.

You Can Certainly Be Cured By Dr. Greene's Nervura.

When you are ill from overwork, worry, exposure or excesses, when your vigor is departed and your strength and vitality lost and your friends say, "Oh, don't despair, you'll be all right by and by," don't believe it. When your friends tell you to cheer up and hope for recovery through the ordinary processes of nature, they simply express their wish. They want to see you well, but their wish will not save you. You must act yourself. You are on the downward road and need a sure and effective medicine to arrest the progress of the disease and restore you to health and strength.

There is only one medicine which will surely cure you, and that is Dr. Greene's Nervura blood and nerve remedy, the grand health giver, which has cured so many sick and suffering people.

Mrs. William H. Doe, of Auburn, Maine, says:

"I want to tell of the benefit I have derived from Dr. Greene's Nervura blood and nerve remedy. When I commenced using this medicine I had been sick in bed for nine weeks. I suffered terribly with my back, and my limbs were so numb at times that I would pinch them to see if I could get any feeling in them. I was very nervous, had no appetite, and could not sleep.

"I suffered so much that I was reduced to a very weak state, and was almost a skeleton. I took seven bottles of Dr. Greene's Nervura blood and nerve remedy, and began to improve almost as soon as I began taking it. For the last six months I have been able to do my housework for a family of six and have hardly had a sick day. I give thanks for what Dr. Greene's Nervura has done for me."

Use Dr. Greene's Nervura and be cured. You can consult Dr. Greene, 148 State St., Chicago, Ill., absolutely free of charge, personally or by letter.

HANNA'S DIVORCE BILL.

Son of Ohio Senator Accused of Cruelty and Neglect.

Cleveland, Ohio, Jan. 26.—Suit for divorce, the custody of three sons and alimony was begun yesterday by Carrie May Hanna against D. R. Hanna.

Dan Hanna is the son of Senator Marcus Alonzo Hanna. August 7, 1887, he married Carrie May Harrington at Escanaba. The two young people were members of an up-the-lakes party and were married quietly and unexpectedly at Escanaba, Mich., while on the trip. They were very young. Miss Harrington was the daughter of Cornelius H. Harrington, now deceased, of 26 Euclid place.

The marriage was soon announced and the Hannas, while they did not like it, made the best of it. The lady was beautiful and cultured, but not of the same set as the Hannas. Her father about that time, however, inherited considerable money from a sister.

Mrs. Hanna and D. R. have not been on good terms for several months, as has been well known about town. There have been many whispers of cruelty and of another woman, but her name does not figure in the petition.

Mrs. Hanna is for the present left in sole control of the family mansion, 1550 Euclid, and of the boys, Marcus Alonzo, aged nine; Carl Harrington, aged eight, and D. R., jr., aged six.

Hanna has set up bachelor's hall on Prospect street, in the former residence of Col. Myron T. Herrick. Mr. Hanna charges cruelty, but specifies nothing.

DANCES AND SEEKS DEATH.

Forced in Disgrace Herself, Mrs. Higgins Attempts Suicide.

St. Louis, Mo., Jan. 27.—On a cot at the city hospital lies a woman dying from the effects of carbolic acid self-administered.

Disgraced and shamed by a maudlin husband before maudlin friends, Mrs. Grace Higgins decided it were better to seek death than continue to live after the episode. Her chances of recovery are slight. Mrs. Higgins is thirty-one years old, slender and pretty.

The charge she places against her husband has shocked the city. The latter is stage manager of a local theater. Higgins had been drinking. He returned home late, bringing a party of friends with him. His wife was sick in bed.

Higgins asked her to get up and dance. After much talk she did so, recalling a dance she had learned in other days. The company was well pleased and boisterously demanded the hoochi-coochi. She refused.

"Get up and dance," said her husband.

"I cannot," she answered. "Have I not danced enough?"

"Get up and dance," he repeated savagely. "We want the hoochi-coochi, and it goes."

Wearily the woman tottered from her bed. She danced until her eyes fairly started from their sockets. At the end she was fainting.

"I was heartsick and body sick," she said at the hospital, "and decided to make an end of it all."

SOLID COMFORT.

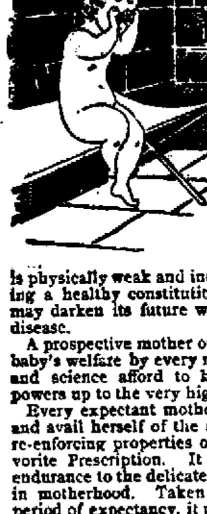

1—Dis am gateful an' comfortin' sho nough.

2—And then—

3—his foot slipped.

In New York a short while ago a baby was born in jail. Its mother was being tried for murder. Every womanly heart gives a throb of sympathy at thought of the blight upon the poor little baby's life. But a baby need not be born in jail to be unfortunate. Any baby which is not welcomed into this world with loving hearts and ready hands is unfortunate. Any mother who is physically weak and incapable of bestowing a healthy constitution upon her baby may darken its future with weakness and disease.

A prospective mother ought to insure her baby's welfare by every means that Nature and science afford to keep her physical powers up to the very highest point.

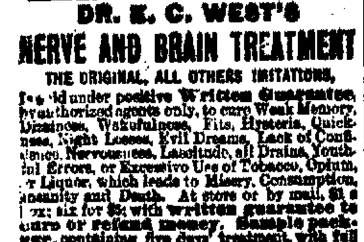

Every expectant mother ought to know and avail herself of the strengthening and re-enforcing properties of Dr. Pierce's Favorite Prescription. It gives health and endurance to the delicate organs concerned in motherhood. Taken early during the period of expectancy, it makes the coming of baby perfectly safe and comparatively easy. It makes the mother strong and cheerful, and gives health and natural vigor to the child.

It is the only medicine of its kind devised for weak and delicate women by an educated, experienced physician.

For nearly 30 years Dr. Pierce has been chief consulting physician to the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y. His thousand-page illustrated book, "The People's Common Sense Medical Adviser" contains advice and suggestions which every woman ought to read. A paper-bound copy will be sent absolutely free on receipt of 21 one-cent stamps to pay cost of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound for 31 stamps.

A sure and permanent cure for constipation is Dr. Pierce's Pellets. One "Pellet" is a gentle laxative, two a mild cathartic.

Health is Wealth.

ANTI-SCALPING.

The Bill Before the Senate Committee.

A Movement to Combine it With the Inter-State Commerce Commission Bill—Shop and Rail.

WASHINGTON, Jan. 27.—The senate committee on interstate commerce held its first executive meeting today for the consideration of the anti-scalping bill. The hearings were brought to a close and the committee decided to exert every effort to reach a vote at the meeting to be held a week from today. The opponents of the bill did not evince a disposition to postpone the vote longer than necessary to present their views and some of them expressed the opinion that the vote would not under any circumstances be deferred longer than two weeks.

There was also a general agreement to accept the house bill as the basis of future consideration. This bill was originally a copy of the senate bill, but it was amended by the committee in particulars which meet with the approval of the senate committee.

At today's meeting several amendments additional to those made by the house committee were suggested. Among these was one compelling the railroad companies to redeem the unused portion of tickets at a rate proportionate to the cost of the entire ticket; another mitigating the penalties imposed for violation of the law, and still another consolidating the bill with the bill introduced by Senator Cullom last week for the improvement of the status of the inter-state commerce commission. It was stated that other amendments still would be offered and the intimation was given out that one of these might provide that passes should be made good to the bearer.

The discussion was along the lines indicated by these suggestions, but there was not a sufficiently general expression of opinion to form a definite idea of what the vote will be. The opponents of the bill count upon getting five votes for their proposition to consolidate the anti-scalping with the commission bill and they are even hopeful of securing the sixth vote, which would carry it. In case the motion should prevail, the effect would be equivalent to a postponement, as some time would be necessary to consider the commission bill.

During the course of the meeting today Senator Elkins, who has been considered an avowed advocate of the anti-scalping bill, expressed himself as somewhat doubtful as to its expediency. He said that while many of the railroads were evidently favorable in a degree to it, there were only two, the New York Central and the Pennsylvania railroad, which were pressing it with apparent zeal. He said, in view of this fact, he had reached the conclusion that the majority of the lines were at best indifferent, while he thought that some of them were actually opposed to it.

HAND MANGLED.

Charles Holman, of No. 11 Horman street, an employe of the Olds Wagon works, met with a shocking accident at 11 o'clock this morning. While at work about some machinery his right hand came in contact with the bits and was so badly mangled that Dr. A. J. Kesler had to amputate the thumb and the first and second fingers.

WILL GO TO NEW YORK.

Carroll C. Gould, for the past half dozen years private secretary to R. T. McDonald, has tendered his resignation, to take effect next Monday. He has accepted a very responsible and lucrative position with Messrs. Leonard & Ellis, of New York, one of the largest oil houses in the world. James A. Gould, a clerk in the shipping department of the electric works, has also resigned and will accompany his brother to New York and also enter the employ of Leonard & Ellis. These young men are sons of Theodore Gould, the well known passenger engineer on the Pittsburg, were born and educated in this city and are known to most all of our citizens, who wish them abundant success in their new positions.

A NEW RAILROAD.

Toledo is to have a new railroad. Articles of incorporation have already been filed. The capital stock of the company is $100,000. It is the purpose of the company to build a standard railroad track from North Toledo to a point on the bay shore about three miles north of Alexis. The road will be from ten to twelve miles in length, and will be well equipped. On the bay shore, where there is a bathing beach of white sand for a distance of several miles, a summer hotel will be erected. A hall for amusement purposes will be constructed and buildings will be put up something after the Coney Island style.

BIG SALE OF MACHINERY.

Yesterday the Bass Foundry and Machine company received a few nice orders for castings and machinery, among them being the following: For a 500-horse power Corliss engine and all the appurtenances to a steam plant from the Wolf company, of Chicago; the machinery to be delivered and set up in New Orleans. The Wolf company is extensively engaged in the manufacture and erection of ice plants. For a galvanizing tank from the G. R. Marcey Manufacturing company, of Bluffton, Ind., and for several car loads of castings from a firm in Milwaukee, Wis. These castings are to be "machined," which work will furnish employment for the operators of the lathes and planers in the machine shop for several weeks. Work in that department had become scarce and this order will be welcomed by the men. The Bass works is about to complete a large galvanizing tank for the Flint & Walling Manufacturing company, of Kandallville, which will be shipped to that city in a few days.

PERSONAL AND OTHERWISE.

Dick Thiele, assistant fireman at the Pittsburg planing mills, is sick and off duty.

Sickness keeps Fred Lenz, the springmaker in the Pittsburg blacksmith shop, from his duties.

Supt. G. L. Potter and his chief clerk, James T. Leary, went east on railway business this morning.

K. Hartong, a painter in the Pittsburg shops, who has been sick several days, resumed work this morning.

Mrs. Kimmell, wife of the Pittsburg conductor, Kinzie Kimmell, is slowly improving, though she is still quite sick.

Enoch Cox, storekeeper for the Pennsylvania company, went to Chicago this morning, on business for the company.

The directors of the Lake Erie and Western have declared a quarterly dividend of 1¼ per cent., payable February 15.

The testing room at the electric works is now running day and night, in order to keep up with the orders for dynamos.

J. H. Barrickman, traveling freight agent of the Louisville and Nashville road, was in the city last night in an official way.

Captain Stoll, of the Pennsylvania police department, has recovered from an illness which kept him at home a couple of weeks.

Brakemen Schoonover and George Driver have resumed their train duties on the Nickel Plate, after a brief absence. The latter had been sick.

At several passenger stations in Chicago porters wearing red caps are employed exclusively to attend passengers alighting from incoming trains.

A class X engine, No. 267, is now hauling the Pennsylvania limited on the western division of the Pittsburg, Fort Wayne and Chicago road and it takes its trains through on time in all kinds of weather. There were over thirty of this class of engines built in the Fort Wayne shops during the years 1892 and 1893, and there never was a better locomotive constructed. Most of these engines are now employed in the fast freight service east of Pittsburg, where speed and hauling capacity must be of the maximum. No. 267 was the first engine of this pattern turned out of the shops in this city.

KILLS WITH A POKER.

FARMERS' BULLETIN.

The Agricultural Department Gives Useful Information.

Director A. C. True Tells the Result of Many Experiments of an Agricultural Nature.

WASHINGTON, Jan. 27.—The second number of "Experiment Station Work," prepared under the direction of Director A. C. True, has been published by the agricultural department as a farmers' bulletin. It contains a great deal of information on topics of interest to the farmer, the most important of which probably is that relating to the value of common crops for forage and a discussion of the question whether farmers can mix their own fertilizers economically. On this latter subject the bulletin says the unanimous conclusion reached by the experiment stations which have given the closest attention to the subject is that it is entirely practical and economic under certain conditions for farmers to buy the different fertilizing materials in the crude state and to mix them on the farm, and they have made every effort to encourage and assist them in the practice. There is no doubt that ashes are a valuable fertilizer when used with proper care and discrimination, but there is considerable danger that they may be, and are at present, overestimated by farmers, and money is expended in many cases in the purchase of ashes which might be more economically used in buying other forms of fertilizer. Other subjects treated of in the bulletin are stock melons, starch and potatoes, crimson clover, geese for profit, cross-pollination and a germ fertilizer.

NAMES SECURED.

Members of the Mob Who Burned Seminoles to be Arrested.

GUTHRIE, Okla., Jan. 27.—Deputy United States Marshal Tilghman has returned from Pottawatomie county, where he had been for a week investigating the recent burning of the two Seminole Indians. He states that there is no truth in the report of the arrest of some of the lynchers. There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address,

NATIONAL EVENTS.

The Hawaiian Party Highly Honored.

President and Mrs. Dole Accorded a Hearty Welcome.

Proceedings of the Senate and House.

Teller's Resolution Will Come Up Tomorrow—Four Hours' Debate and Then a Vote.

WASHINGTON, Jan. 27.—Bright, spring-like weather greeted Hawaii's ruler on his first morning at the capital. President and Mrs. Dole and the members of their party had retired early last night and were up at 8 o'clock, the chief executive and his wife taking their breakfast in their rooms. The president was kept very busy during the forenoon receiving callers. Minister Hatch was early on hand and was followed by ex-Minister Thurston, Senator Morgan, of Alabama, who paid an extended visit to the islands during the last summer, and Crosby S. Noyes, of Washington. In an interview with an Associated Press reporter President Dole said:

"I prefer not to discuss the question of annexation, as that would be eminently inappropriate at this time, during the pendency of the question in the senate. I shall call on the president during my stay here, and, of course, shall give him such information as he may desire respecting pending questions between the two countries. I expect to stay in Washington until the end of next week, when our trip homeward will begin. We shall go from here direct to San Francisco, taking the steamer there for Honolulu. Certainly I should like to see the annexation treaty ratified by the senate before we leave, but we will not wait if such is not the case."

President and Mrs. Dole have received many invitations to social functions during their stay here. This morning Mrs. Dole went to call on a number of friends in company with Mrs. Hatch, the wife of the Hawaiian minister here. This afternoon Major Hiestand, of the army, will accompany Mrs. Dole in a social call on Mrs. McKinley. Tonight the entire Hawaiian party probably will occupy a box at one of the theaters.

SENATE AND HOUSE.

Teller's Resolution Will be Voted Upon Tomorrow.

WASHINGTON, Jan. 27.—After transacting some minor business the Teller resolution was laid before the senate, and after considerable discussion it was agreed that the vote should be taken tomorrow at 6 o'clock, the senate to meet at 2 o'clock and the last four hours of debate to be under the fifteen minute rule.

After this agreement had been reached Mr. Daniel resumed his speech begun last evening. He made a legal argument in support of the pending resolution, holding that the law never contemplated giving to the government's creditor the option as to the kind of money he was to be paid. The creditor would naturally pick that dollar which was the most valuable to him, but if he did not know which he would receive he would do his utmost to maintain the parity of all dollars. He enumerated the great men who supported the resolution in 1878, beginning with the distinguished author, Stanley Matthews, and concluding with the present president of the United States

In the house today the senate bill granting an American register to the barkentine Sharpshooter, of San Francisco, was passed.

A bill was passed making Santa Fe, N. M., the permanent capital of that territory.

Mr. Hitt, chairman of the foreign affairs committee, reported from his committee, with the recommendation that it lie on the table, the Lewis resolution calling upon the president for the authority under the constitution under which he negotiated a treaty that will bind the treasury to pay $4,000,000 to the the Hawaiian bondholders. The democrats manifested a desire to discuss the report, but the question was not debatable and the vote was taken by a yea and nay upon the demand of Mr. Dinsmore, the senior minority member of the foreign affairs committee.

The report was adopted and the resolution laid on the table, 413 to 101. At this juncture Mr. Quigg, as a question of privilege, replied to Mr. Loud's charges made yesterday during the controversy over the appropriation for letter carriers, that he stated what was untrue when he said that the prospective deficiency was the exact sum of the appropriation in the current law and was below the estimates of the department. Mr. Loud declared that he stood by his statement yesterday.

TO LIMIT INJUNCTIONS.

A Bill Under Consideration by the Labor Leaders.

INDIANAPOLIS, Jan. 27.—President Prescott, of the International Typographical union, has received from President Gompers, of the American Federation of Labor, a bill to limit the powers of United States judges in issuing injunctions. The bill provides that no United States judge shall issue a restraining order or injunction against the employes of any person or corporation that will in any manner affect their full freedom peacefully and quietly to quit the service of any person or corporation at any time they may see fit to do so. Mr. Prescott will give this bill to Congressman Overstreet, and ask him to introduce it.

FROM MEXICO.

Interesting Batch of News From the Republic.

Mrs. Hearst, Widow of the Senator, Accorded a Warm Welcome—Gigantic Mine Draining Scheme.

MEXICO CITY, Jan. 27. — Mrs. Hearst, widow of Senator Hearst, of California, has arrived here and been cordially greeted, the governor of the federal district sending one of the finest bands to serenade her. Senator Hearst was a warm friend of Mexico, and at the time of the Cutting incident displayed his sympathy with this country and aided in resisting the pressure for war, supporting President Cleveland in his peace attitude, hence the grateful regard in which the memory of the California senator is held in Mexico.

The department of encouragement has received a petition asking for a concession for a tunnel twenty miles long in the state of Guanajuato, the object being to drain some valuable mines now flooded. The work will cost many millions of dollars and it is believed by competent engineers will be entirely practicable and result in a large profit to the company conducting the work.

John Eads, one of the prisoners arrested in connection with the operations of the gang of American confidence operators has, after the examination, been held for trial. Russell, one of the gang, is supposed be on the Texas border.

President Diaz is expected to arrive here today and will be received by a division of the army consisting of two brigades, and the Jockey club will give him a banquet of welcome. It is the first considerable trip the president has taken into the interior for some years and the popular manifestation of rejoicing all along the route has been greatly gratifying to him. People have turned out in crowds everywhere and many incidents showing popular enthusiasm has been recorded by the press.

A DECISION SOON.

The Archbishop Ireland Land Case Will be at an End.

WASHINGTON, Jan 27.—A decision is expected soon by Mr. Hermann, the commissioner of the general office in what it is known as the Archbishop Ireland case involving title to a large tract of land in Minnesota on which there are a number of settlers. The case, it is said, presents some unusual features and some important questions of law are involved. The commissioner declines to say what his decision will be.

"Whether the commissioner decides for or against the archbishop," said a prominent official today, "the title of settlers of lands received from him will be protected. There may be a difference in the amount which they will be required to pay for their lands as a result of the decision. This difference is between the $1.25 per acre which would be the price as government lands and that which they agreed to pay the archbishop which I believe was $1 per acre less 10 per cent. on certain conditions."

TOTAL WRECK.

Steamer City of Duluth Goes Down in a Gale.

Struck a Bar and Thrown Against a Pier

As She Was Entering the Harbor.

The Vessel Broke In Two and Seventeen Passengers and Crew Rescued With Difficulty.

ST. JOSEPH, Mich., Jan. 27.—The Lake Michigan and Lake Superior Transportation company's steamer, City of Duluth, which struck the bar outside the harbor piers, and went ashore during a gale last night, has broken in two in the center and the wreck is pounding badly. The life-saving crew saved the crew, consisting of about twenty-five, and the few passengers aboard, by bringing them ashore in the breeches buoy.

The steamer grounded only about 350 feet from the pier. The Chicago tugs Protection and Moreford, which came over to tow the disabled steamer City of Traverse to Chicago, approached the stranded steamer, but were unable to help her on account of the heavy sea.

The City of Duluth was an old but staunch steamer. She was under charter of the Graham & Morton Transportation company, carrying principally through freight from Chicago to this port in connection with the Big Four railway. She was owned by the Lake Michigan and Superior company and commanded by Capt. McLain. Her capacity was about 1,000 tons and her value about $30,000. She was laden with merchandise freight and grain.

The steamer is well insured and it is understood that there is $10,000 insurance on her cargo. On several previous trips she struck on the bar while entering this harbor.

THE STORY IN DETAIL.

ST. JOSEPH, Mich., Jan. 27.—The big grain steamer "City of Duluth" arrived off this port from South Chicago last night, at 8:30 o'clock, and attempted to enter the harbor. There was a tremendous wind from the northwest and a very heavy sea rolling. The Duluth kept on her course into the harbor and at the mouth of the river struck a bar and was thrown heavily against the north pier, breaking in two immediately. The mammoth steel arches on either side of the boat gave way immediately and the bow of the boat dropped two or three feet. A large hole was stove in the port side of the boat as she swung around and she went to the bottom in an hour, leaving only her cabin and part of her bulwarks above water.

The two big tugs, Moreford and Protection, which had accompanied the big boat on her trip across the lake, made several desperate attempts to reach her and get the crew and passengers off, but were every time unsuccessful. The life saving crew was summoned and reached the scene of disaster in quick time, considering that they had disbanded for the winter.

At midnight they had shot a mortar line to the boat and the rescue began. The first one to be taken ashore was August Karuwein, a large sized man, of this city. He dipped into the waters several times during the perilous trip and was badly frozen when he was pulled out into the pier. The rest of the passengers were taken ashore in this manner, one at a time.

There were seventeen passengers and twenty-three of the crew. Captain McLean was the last to leave, he being taken off at 5 o'clock this morning. There were several ladies aboard. The members of the life saving crew took turns going out in the car after them.

Mrs. William Tryon is now dying from the effects of the trip. She was in a delicate condition and was badly frozen and was seized with nervous prostration. There is no hope for her recovery.

The City of Duluth is an old boat, but one of the largest sailing on Lake Michigan. She has been in the grain carrying trade for many years. She is owned by the Lake Michigan and Lake Superior Transportation company and was being operated this winter by the Graham & Morton Transportation company. She had a heavy cargo of corn and flour and a deck load of merchandise for local merchants. There is no hope of saving anything from the wreck, as there is a very high sea rolling. No boat can reach her and she is rapidly going to pieces. The engineer says that when the boat struck the engine jumped a foot and was immediately torn to pieces. The water rushed in put out the fires and the firemen barely escaped up the ladders in time to save themselves. The floor of the cabin deck gave a mighty heave upward and the passengers were thrown into the wildest confusion.

THINKS SHE WAS IN HEAVEN

Aged Woman Says She Spent a Week in Celestial Realms.

SYRACUSE, N. Y., Jan. 27.—Mrs. Eliza Wright, of Cardiff, a reputable lady of 86, has awakened from a fortnight's trance. She said she had been in Heaven an entire week, had seen the Lord and his angels, and received messages from God for many of her friends. Mrs. Wright tells startling stories about the great white throne and judgment seat and says the music she heard while in trance was something beyond the ears of mortals to grasp. Before her lines, as the attending physician calls it, Mrs. Wright's faculties were greatly impaired. Her sight was such as to require the strongest spectacles and she was quite deaf. Now her sight and hearing are as acute as they ever were. She reads fine print without glasses and converses readily with those about her. This is attested to by scores of her neighbors.

A SPANISH FAKE.

General Castellanos Did Not Take the Cuban Capital.

No Hope That Spain Can Subdue the Insurgents In the East—General Blanco's Last Card.

NEW YORK, Jan. 27.—A dispatch to the Herald from Havana says:

The Spanish account of the victory of General Castellanos and the capture of the headquarters of the rebel government in the town of Esperanza is now proved to be a fabrication. There is no such town as Esperanza near Cubitas. The name of the town founded and occupied as the capital by the rebel government is Agramonte. Spanish troops are unable to get near this place, being repulsed in the mountains and forced to retire with a heavy loss. Latest advices from western Cuba state that the rebels are still besieging Holguin and that the garrison cannot possibly hold out without supplies and reinforcements.

General Pando finds it impossible to send these, although he is making desperate efforts to do so. General Pando's army is still along the banks of the Cauto river and strongly intrenched, but is unable to assume the aggressive. General Gomez shows no signs of taking the field and conducting an active campaign. He states as his reason that he is short of cavalry and cannot operate successfully against the Spaniards, who have plenty of horses. At this rate the war in the east can last for years. In the western provinces, however, the troops keep pretty well on the move, but neither side has achieved decisive results.

Radicals here say General Blanco is playing his last cards in his present visit to the eastern provinces, for the purpose, it is said, of attempting to induce Generals Rabi and Salvador Rios to lay down their arms. Both these men refused to surrender at the close of the last war and the Cubans believe them incorruptible. Before leaving Havana on Monday General Blanco, it is known, drew from the treasury $380,000.

DIVISION OF OPINION.

Bay Conference Does Not Know What to Do With Rev. Brown.

SAN FRANCISCO, Jan. 27.—There was a division of opinion at the meeting of the Bay conference at which Dr. C. O. Brown was expelled from membership and the opposing factions are contending as to whether he should be expelled from the ministry or be reinstated in case he should show a spirit of true Christian repentance. The verdict simply excludes him from affiliation with the churches of this coast. The ecclesiastical council of Chicago, which has accepted Dr. Brown into its fold, is the only body that can give the decree of expulsion, and it now lies with that organization to decide whether he shall be received back into the fold. Dr. Brown has announced his intention of appearing at Metropolitan hall on Sunday evening next, at which time and place he will make another confession—not to a select assemblage of pastors, but to any and all comers.

A NORTH ROUTE.

Russia May Establish a Route Across the Arctic Sea.

TACOMA, Wash., Jan. 27.—Russia greatly desires to find means of communication between her north coast and Siberia by crossing the Arctic sea. It is said she will make some experiments. According to advices received by Mr. Bruenir, Admiral Makroff, of the Russian navy, has announced his belief that it is possible to travel to Siberia by water across the Arctic sea. He believes that communication with the north flowing Siberian rivers can be established through July and August, providing vessels bound for those ports are furnished with an escort of boats with ice plows. The government is planning to test his project, being greatly encouraged by the success of the Danish ice breakers in keeping Vladivostock harbor open this winter.

OFF FOR NEW YORK.

President McKinley Will Attend Manufacturers' Banquet in Gotham.

WASHINGTON, Jan. 27.—The president accompanied by Mr. Porter, his secretary, left Washington at 10 o'clock over the Pennsylvania railroad for New York, where he will attend the banquet to be given at the Waldorf-Astoria tonight by the National Association of Manufacturers. The president was met at the station by R. E. C. Smith, of New York, and Chas. A. Moore, of Brooklyn, the committee appointed by the association to escort him to New York.

Miss Marion Hartman is lying so ill that her life is despaired of.

FIRED HIS GUN.

David Jacobs Sends a Bullet After Louis Colson.

The Latter Was Ordered From the City Trucking Barn.

He Smashed Jacobs With a Heavy Neck Yoke.

The Shooting Caused Excitement on Columbia Street, But Luckily the Bullet Missed Fire.

The crack of a pistol on East Columbia street about 1 o'clock today, caused much excitement.

Last Saturday night Louis Colson, who had been employed as night watchman at the City Trucking barn was discharged. David Jacobs, the foreman, claims that since then Colson has been making trouble about the premises. Today when Colson called at the place Jacobs ordered him out, but he was in a belligerent mood and refused to go. He would fight, however, and grabbing a heavy neck yoke, smashed Jacobs over the shoulder. Colson then turned and ran away and Jacobs started after him. As the fleeing man darted north across the Nickel Plate tracks Jacobs fired a shot at him, but the aim was not true and Colson dashed down the embankment and was uninjured. Jacobs will probably file an affidavit against Colson for trespass and assault and battery.

SENATOR LINDSAY

Has a Few Troubles of His Own.

His Constituency Denounces Him With the Accusation of Being "A Traitor to His Party."

FRANKFORT, Ky., Jan. 27.—After a hot debate this morning the lower house of the Kentucky legislature adopted a substitute resolution, offered by Representative Nelson, of Hardin, calling upon United States Senator Wm. Lindsay to resign if he cannot support the Chicago platform.

During the course of the debate such words as "party traitor," "recreant to his trust," and "gold bug," were freely bandied about. Representative Desha, a silver democrat from Harrison county, openly denounced Senator Lindsay as a traitor to his party and called upon him to return home and face an outraged constituency.

THREE MAY DIE.

Man Falls From a Scaffold and Carries Two Others With Him.

NEW YORK, Jan. 27.—An accident occurred today on a new twelve-story building in course of construction on Broadway, which will probably result in the death of three men. The injured are George McNamara and John Hammond, plasterers, and Michael Seaman, a laborer. Seaman was on the fifth floor superintending the building of a scaffold over an elevator shaft. He lost his balance and fell down the shaft. On the fourth floor McNamara and Hammond were standing on a slimsy scaffold already erected over the elevator. Seaman, who weighs about 200 pounds, carried the scaffold on the fourth floor with him in his fall, and the three men crashed down to the sub cellar below. They were all internally injured and have slight chances for recovery.

FOR CONSUMPTIVES.

Buffalo Doctors Advocates Establishing a Colony in the Adirondacks.

ALBANY, N. Y., Jan. 27.—The establishment of a state colony for consumptives in the Adirondack region was advocated yesterday before the State Medical society by Dr. John H. Pryor, of Buffalo. He said there were 12,617 deaths in this state in 1897 from consumption.

"There is a time in the large proportion of pulmonary tuberculosis," he said, "when climate and proper care and environment will prove curative.

"The well-to-do take advantage of this opportunity, and consequently it has been demonstrated that lives may be saved or prolonged if the sufferers can obtain the costly remedy.

"The chief reason why about 13,000 consumptives die annually in this state is that the great majority have not the means to obtain the only promising relief and charity has failed to supply it. Thousands have died, and continue to die annually, simply because they are poor."

He says experience has shown that from 25 to 35 per cent. of consumptives are cured in the Adirondacks.

HUSBAND ABOVE LIFE.

Wife Whom He Tried to Kill Refuses to be Divorced.

ST. LOUIS, Jan. 27.—Delia Healy, wife of Policeman James Healy, refuses to be divorced and in her reply to her husband's bill files an interesting answer. She says he has no grounds, but wanted her to file a cross bill and obtain a divorce. This she declines to do, but incidentally names some charges against the officer. She says that he beat her repeatedly, shot at her, tried to kill her with a knife and on one occasion the neighbors turned in a fire alarm and called out the department to save her from being beaten to death. They were afraid to interfere. Yet she doesn't want a divorce.

HOTEL FOR BACHELORS.

Finest Building of Its Kind to be Erected in St. Louis.

It will cater exclusively to men, and will contain suites of bachelor apartments designed especially for those who wish to be out of the heart of the city and yet convenient to business.

A beautiful banquet hall will be a prominent feature. The furnishings will be so sumptuous as to attract many of the swell functions which are now given in the down-town hostelries.

Its promoters, chief among whom is E. B. Simmons, of the E. C. Simmons Hardware company, are all wealthy men.

THE EVERETT CASE.

A Preliminary Hearing May be Waived.

Case Was Docketed in Justice Ballerman's Court—The Other News of the Courts

The case against Charles E. Everett for embezzlement, in which E. W. Miner is the prosecuting witness, was docketed for hearing in Justice Ballerman's court this afternoon at 2 o'clock. At 2:30 neither Mr. Everett nor his attorney had put in an appearance. Attorney W. S. O'Rourke had earlier in the day telephoned Justice Ballerman that he thought a preliminary hearing would be waived and a bond given for Mr. Everett's appearance in the circuit court.

J. C. Peters Decides to Make Some Improvements.

Architect Kendrick is Preparing the Plans.

Will be the Handsomest Hotel in the State.

Mr. Kendrick is Making Measurements of the Hotel This Afternoon—Additions to be Made.

J. C. Peters has determined that Fort Wayne shall have the handsomest hotel in Indiana, and Architect Kendrick has been authorized to draw the plans for the improvements. A SENTINEL reporter talked to Mr. Peters this morning and he does not at present care to state exactly what the improvements will be. There will be some additions and the entire interior of the lobby will be remodeled. The annex will be connected with the lobby on the lower floor and transformed into a reading room and ladies waiting room. Architect Kendrick is preparing to make the plans and this afternoon is taking the measurements of the building. When the plans are completed THE SENTINEL will give a detailed description of the improvements. Mr. Peters has about determined what they will be, but prefers to wait until the plans of the architect have been approved.

A NEW PETITION

May be Presented to the City Council

By the Advocates of Shawnee Avenue—Want the City Dads to Reconsider Their Action of Last Tuesday.

The residents of the south end of Fox avenue, formerly Shawnee avenue, are still determined in their opposition to the change of name and will make an effort to have the councilmen reconsider their action of Tuesday evening. This morning James Curry called at the city clerk's office to get the old petition to which will be added nine names, making a total of sixty-one as against thirty-one attached to the Fox petition. This new petition will ask the councilmen to reconsider their action on the grounds that a large majority of the property owners on the street prefer the name Shawnee. The most obstinate of the residents say they will not have the address of their mail changed and will stick to the old name. The matter of getting an injunction has been postponed until the council has an opportunity to reconsider.

He has been down to Montpelier and purchased a big quantity of nitro glycerine, which is to be used in the "shooting." This explosive is being hauled overland in a wagon, as the railroads decline to haul it in its explosive form. A large number of Fort Wayne citizens are going down to see how it is done and all hope that the well will prove a paying one.

TO THE LAND OF GOLD

Clarence Cook Departs for the Klondike Fields.

Takes a Six Months' Leave of His Position as City Editor of the "Sentinel"—Why He Goes.

Clarence F. Cook, who for many years has occupied the city editor's chair of THE SENTINEL, left this morning for Seattle, Wash., from which port he expects to embark about February 20 for the gold fields of the Klondike.

The impression is popular that every newspaper man's job is a gold mine. This is erroneous. Some things pay better than scribbling. Hunting nuggets, for instance. Mr. Cook has taken this view of the matter and has been granted six months' leave of absence from THE SENTINEL and he expects to spend his vacation in the ice-clasped gold fields of Alaska.

The opportunity presented to Mr. Cook was unusually alluring. He is tendered a position as secretary of the Henderson Klondike Gold company, with such inducements to accept that he feels he ought not let the opportunity go by default. In addition to a handsome salary and expenses Mr. Cook will be privileged to embrace any opportunity that may be presented to lay hold of a section or two of the gold-seamed earth of the Klondike.

Mr. Henderson, head of the company with which Mr. Cook has become connected, was until about two years ago a traveling salesman for a Cincinnati paper house. In that way he and Mr. Cook became friends. In October last Mr. Henderson returned from a two years' sojourn in the Klondike region, bringing with him as a guarantee of time not spent in vain gold to the value of $80,000. While in the gold region Mr. Henderson acquired several claims and he has organized a company to work them and prospect for more. Mr. Henderson's claims lie along Henderson creek, where rich new discoveries were reported in THE SENTINEL telegraph columns a few days ago.

It is with exceeding regret that the attaches of THE SENTINEL view the departure of Mr. Cook. In addition to being a most faithful and capable news-gatherer, he is a bright, genial, companionable gentleman, with whom it is a pleasure to work. His employer and his editorial associates, while loth to have him go away, wish him the richest success which the new Eldorado may hold for the most fortunate of men. The trip is one that involves many grave considerations and Mr. Cook has the hearty wishes of a great host of friends for a safe passage and prosperous sojourn.

THERE ARE OTHERS.

But You Won't Find Them in This Section.

The Tippecanoe Minstrels Friday Night Will Convince You—Do Not Miss the Show.

The public has stood a good many bad minstrel shows, but it has never been up against anything quite so good as the Tippecanoes. The "Tips" are neither good or bad. They are both different and better. This will be explained tomorrow night on the stage of the Masonic Temple theater if the crowd will keep their seats long enough and refrain from getting out an injunction to stop the show.

The program for tomorrow night will be strictly up to date, and will bristle with features, each one of which is worth the price of admission. Among the soloists are Messrs. Tom Snook, Walter Gerberding, Archie Bradley, Will McCoy, E. Huls, Clint Wilson, Victor Russell, Cornelius Smith and other vocalists of much merit.

The comedians are the "slancin'ist, killin'ist coons" you ever saw, or ever will. The Dougalls—John and Art—will do a turn (maybe two of them if there is no objection from the audience) that is guaranteed to be new and never before seen on any stage.

There will be acrobats galore and lofty tumbling of a surprising kind.

The performance will conclude with an afterpiece—"A Morning at the City Hall"—but the less said about this in advance the better. Go see it. See the whole show.

AN electrical machine has been devised which can cut and butter 750 loaves of bread an hour. The butter is spread very thin by a cylindrical brush—so thin that a large saving of butter is guaranteed.

THE best equipped person is not the one whose clothes and manners are the finest and the most polished, but the one whose heart is clean and true and whose mind is filled and trained. People may look at the first, but the second they will follow.

ST. LOUIS is said to be underlaid with a vast reservoir of electricity. An electrician declares that if he should stick a wire into the ground at Fourth and Pine streets and run it through an incandescent bulb on Lindell avenue it would burn with a brilliant light. The source of the electricity is the tracks of the electric street railways.

PEKIN'S "Kin Pau" is the oldest newspaper in the world, having been published continuously for nearly a thousand years. It began as a monthly, became a weekly in 1361 and since the beginning of the century has been a daily. It now publishes three editions a day, and in order to prevent cheating by the venders prints them on papers of different colors, the first being yellow, the second white and the last gray.

A CALL has been issued for a national pure food congress to be held in Washington, beginning March 2. The avowed purpose of the meeting is to take steps to "check the growing evil of adulteration in food, drink and drugs." The promoters of this congress have undertaken a very large contract, but it is possible that they will accomplish at least something. Such a movement is in the public interest and will be warmly endorsed by the public, notwithstanding that the belief is general that the adulteration evil has gone too far to be checked.

WHEN Liszt was learning piano playing he practiced ten hours a day for over twelve years. Ole Bull spent over twenty years in almost constant practice on the violin. With Paganini the violin was the study of a long time. For over twenty-five years he never allowed a day to pass without eight or ten hours of practice. Rubenstein devoted over fifteen years to studying the piano. Paderewski has devoted a lifetime to his instrument.

SPEAKING of beer drinking, the Scientific American, alleges that beer used to excess is more brutalizing than whisky. "The most dangerous class of ruffians," it says, "in our large cities are beer drinkers. The very lowest form of inebriety, closely allied to criminal insanity, follows from beer drinking. A beer drinker may be the picture of health, he may weigh 300 or 400 pounds, but in reality he is most incapable of resisting disease. Compared with inebriates who use whiskey, he is more incurable, more generally diseased."

AN interesting story is being told of the way the czar recently administered a rebuke to his officers. It seems there is a great deal of extravagance and luxury among the upper grades of the Russian army, and a young officer who had been guilty of riding in a tramcar for the sake of economy had been asked by his fellow officers to send in his resignation. When the czar heard this he himself rode down to the barracks a tramcar and presented himself before his officers with the startling question whether they desired him to send in his resignation.

AT THE annual meeting of the New York State Association of County Agricultural societies in Albany, last week, the question, "What is the best attraction at a county fair?" was propounded. There were many answers, but the one above all others that had the merit of profound candor and truth was given by a delegate from Chemung county, who declared that the greatest attraction is a certain popular oriental dance. There was a day when the public was attracted to the county fair by the opportunity afforded to inspect blooded stock, finely bred cattle, to marvel at enormous porkers, Cyclopean bulls and abnormal pumpkins and squashes. The "midway" exhibitions at the world's fair so perverted the established taste that something livelier is now demanded and the "coochee-coochee" seems to fill the bill.

THE bureau of ethnography of the Smithsonian institute, in order to preserve a record of the Hawaiian language, has had the native Hawaiians now in Washington talk into graphophones. One of the Hawaiian songs and one of the speeches by the natives have been so preserved. Mr. William Churchill, former consul general to Samoa, has also recorded one of the Malietoa war songs, supposed to be about 400 years old, which has been handed down to the Samoans from generation to generation. He also sang several other songs into the reproducing machines, one of them being the national hymn, which was the farewell song to Admiral Kimberly. The bureau of ethnography in this manner has preserved the language of a number of Indian tribes of the west. Professor Mooney took a graphophone during the ghost-dance craze among the Indians several years ago and with this a large number of the speeches of the Indians while in a trance condition during the ghost dance were obtained. In no other way could duplicates of such speeches have been made.

BROTHER DISAPPEARS.

Member of Notre Dame Faculty Can't Be Found.

CHICAGO, Jan. 27.—Brother Alfred of the faculty of Notre Dame university, Notre Dame, Ind., left the residence of M. A. McGuire, No. 303 Webster avenue, last Friday morning, to attend early mass at St. Vincent's church, Webster and Sheffield avenues, and disappeared. Descriptions have been sent to every police station in Chicago, and detectives from central station have been detailed to search for him, but no information can be learned of his movements Friday morning, and nothing can be discovered as to his present whereabouts. Brother Alfred is an instructor of French at Notre Dame, and makes periodical visits to Chicago, always staying at the McGuire residence, on the north side. He is sixty-five years old, of small stature, with gray hair and smooth face.

KILLED BY A MOB.

Negress Who Murders a Young Man Slain by His Friends.

MEMPHIS, Tenn., Jan. 27.—A negro woman, whose crime was the clubbing of a fatally wounded young white man's head into pulp, has been killed by a mob of the young man's relatives and friends a few miles south of Natchez, Miss.

The vengeance was of the most summary character, the woman being shot to death and her body left in the swamp, in which she had taken refuge after the perpetration of her crime. Several negro men, who fled with the woman, would have been disposed of in like manner by the mob had they not succeeded in eluding the pursuers.

THE LODGES.

A Short History of the K. of L. in Fort Wayne.

At the Height of Its Power in 1885, With 3,000 Members—Other Lodge News of Interest.

The Knights of Labor in Fort Wayne are not without an interesting history. The first assembly of the Knights of Labor was organized in 1882, under the name of Kekionga assembly, and continued in existence for some time, when it surrendered its charter. But the spirit of organization lived and in 1885, at the time of the big strike on the Wabash railroad, the great boom for the order began in the Summit City by the organization of Wabash assembly, which in a short time reached a membership of over 500 members, and this was rapidly followed by the organization of Summit City assembly, Germania assembly, Union assembly, Morning Star assembly, Rising Sun assembly, Live Oak assembly, a wheelmaker's assembly and a street railway employes' assembly. In a short time the membership of these assemblies numbered in round numbers 3,000 members. Previous to the organization of the Knights of Labor in Fort Wayne organized labor was represented by a few unions, such as the Typographical union, Cigarmakers union and the Brotherhood of Locomotive Engineers, but up to the time of the great Knights of Labor boom in 1885 organized labor had no strength in the Summit City, and the power of organized labor in Fort Wayne really dates from 1885, when the Knights of Labor developed its phenomenal strength and took up the battles of the various laboring men who had grievances.

ADAM HAAG,
Master Workman Liberty Assembly No. 2315 K. of L.

JOHN C. MITCHELL,
Worthy Foreman Liberty Assembly No. 2315 K. of L.

For several years the Knights of Labor retained their wonderful strength as a labor factor, when through various causes the membership dwindled, but the cause of organized labor lived by the organization of many new labor unions, by men who had received their schooling in the ranks of the Knights of Labor, thereby perpetuating the cause of organized labor in the Summit City. Men die, organizations die, but principles are as eternal as the hills. With all the ups and downs of the Knights of Labor in Fort Wayne, and after Germania, Summit City, Union assembly and the other assemblies had died, Wabash assembly, which had in the meantime changed its name to Liberty assembly, continued to live, being made up of the staunch and true Knights of Liberty assembly and those members of the defunct assemblies who believed in the great principles laid down by the order, and the impress of Liberty assembly upon the labor movement in the Summit City was shown upon many occasions. In 1895 Liberty assembly surrendered its charter, but in 1897 the spirit of knighthood which still lived caused a revival of Liberty assembly No. 2315, by many of the old members and much new blood and it was installed by General Master Workman Sovereign during the short time he made his headquarters in Fort Wayne. Liberty assembly will continue in the grand work of upbuilding the masses and invites within its fold all who believe in the principles of the order, and who are deemed worthy of membership in its ranks.

D. OF R., I. O. O. F.

The new officers of Queen Esther lodge, No. 324, D. of R., I. O. O. F., have commenced the term with bright prospects of having a very busy and prosperous year. The degree staff, under the instruction of Captain Sister Benoy, is getting the word down to a fine point. The degree staff on initiation visited the Maysville lodge last week and instructed eleven candidates in the mysteries of the Rebekah degree and spent a most enjoyable time.

SONS OF VETERANS.

Col. E. S. Walker camp, No. 159, Sons of Veterans, will give an entertainment, social and dance at True Bole hall Thursday evening, February 3. There will be a literary and musical entertainment, after which light refreshments will be served and conclude with a dance. The Sons of Veterans often give these popular dances which are always well patronized, as all know none but respectable persons are allowed to attend.

FRATERNAL MYSTIC CIRCLE.

The ladies of Fort Wayne Ruling, No. 662, have arranged to give a box social on Friday evening, February 4th, (a week from tomorrow), in the hall over the White Fruit House. All members of the Ruling, their relatives, friends and acquaintances are urged to come and have a good time. "Your money back" if you don't thoroughly enjoy it. No admission will be charged to ladies, but they are to bring a box containing lunch for two. Dancing is on the program and the ladies will see that other amusements will be plentiful.

Brother D. E. Stevens, S. M. R., of Philadelphia, has communicated to the Ruling, under date of January 25th, and the following is a synopsis: "I note that your ruling expects to hold a Washington social and entertainment on the evening of February 22. I will try to make every arrangement to be present on that occasion and trust that you may not be disappointed as to the results of the meeting. Doubtless the occasion will tend to help onward the good work of the order in your city." All the committees for this observance of Washington day are making favorable reports.

A. O. U. W.

There was a good attendance at the meeting of No. 36 last Thursday evening and there seemed to be renewed interest in the lodge work. Charles P. Sordelet, the popular clerk at the hardware store of Pfeiffer & Schlatter, was given both degrees. Several applications for membership were received and referred to investigating committees. These will be acted upon at the next meeting. Aside from this there will be business of especial interest to the entire membership. This lodge has always taken especial interest in caring for sick members and their families and it is this important matter that demands the attention of the entire membership.

Since the regular election of officers in lodge No. 50 there have been some changes and the roster of officers is now as follows:

Past Master Workman—George A. Sihair.
Master Workman—Henry M. Whiteman.
Foreman—Charles Miller.
Overseer—John J. Arnold.
Recorder—W. E. Koller.
Receiver—A. F. Robbe.
Financier—James Curry.
Guide—Emmet W. Dunfee.
Inside Watch—George Bloch.
Outside Watch—John Koenig.
Representative to Grand Lodge—Emmet W. Dunfee.
Alternate—A. F. Robbe.

A. F. Robbe is serving his ninth term as receiver and has shown himself to be a competent officer.

No. 50 has extended invitations to members of Nos. 19 and 36 to meet with them tomorrow evening and the latter lodges have accepted. This sociability between the different lodges tends to foster the feeling of friendship among the members.

On Friday evening February 4th, Fort Wayne lodge No. 19, will give a benefit entertainment and social at their hall on East Berry street. It is for a worthy cause and will no doubt be well patronized.

DEGREE OF HONOR.

Despite the inclemency of the weather the attendance at the meeting of D. of H. No. 2 lodge was large and the proceedings very interesting. The members of this order are wide awake and progressive.

The mask social given at the home of Mrs. Geo. Misner was a success in every feature. The house was filled to overflowing and many and unique were the mask costumes. It is unnecessary to say that all enjoyed themselves very much, thanks to the genial host and hostess. A handsome sum of money also was realized. The lodge is now arranging for a tea to be given at the home of Mrs. C. M. Comparet, on Edgewater avenue, Thursday afternoon of next week.

Later in the month they expect to give an old fashioned taffy pulling at their hall.

Lodge No. 25 gave a masquerade dance last evening at the hall of No. 50, A. O. U. W., on Calhoun street. There was a large attendance and a pleasant evening was passed.

IRISH NATIONAL ALLIANCE.

The new council of the Irish National alliance will meet Sunday afternoon at 4 o'clock at Library hall. The meeting promises to be an interesting one and it is expected that a number of applications for membership will be received.

MODERN AMERICAN FRATERNAL ORDER.

The Modern American Fraternal order initiated forty applicants last night. This was the largest class ever taken in at a single meeting since the local lodge was instituted.

DAUGHTERS OF WORKMEN.

This order meets regularly on Tuesday evening of each week. At the last meeting there was a good attendance and the usual interest manifested. Next Tuesday the lodge will be entertained with a debate, led by Mrs. Baer and Mrs. Robinson.

K. O. T. M.

Wayne tent No. 54, at their review last Thursday evening, had a very interesting meeting. There was balloting for three candidates. Sir Knight Ira J. Binkley, of Churubusco, was present and gave quite an interesting talk on Maccabeeism. The entertainment and dance to be given by Wayne tent at the Broadway theatre Tuesday night, Feb. 1st, will be a social event for the Maccabees of this city. Prof. Thompson's orchestra will furnish the music and the original Schroeder Dramatic company has been engaged to present the New England comedy, "Hickory Farm," with the following cast:

Ezekiel Fortune	Charles Hartman
Uriah Skinner	William Stradley
Gilbert Darkwood	Louis Schroeder
Jack Nelson	Ed Rollins
Lawrence Mainegad	George Fisher
Detective Rankin	Charles Schroeder
Frank Filer	John Golecke
Jessie Fortune	Louise Thom
Mrs. Priscilla Hodge	Sophia Arnold

Officers, Farmers, etc.

K. AND L. OF COLUMBIA.

The Knights and Ladies of Columbia are having a fruitful career. They have installed the following officers to serve for the ensuing year:

Past Counselor, A. Foster; counselor, Chas. T. Geary; vice counselor, H. M. Leund; scribe, L. F. Shreve; cashier, Walter E. Cook; chaplain, Mary Cotner; sergeant, M. F. Gay; master-at-arms, Nora E. Lincoln; first master guard, Lizzie Yoast; second master guard, Ella Reehling; sentinel, Ellen Parker; picket, John Snowberger; organist, Nora A. Shreve.

The retiring officers have served faithfully, with success, and deserve and have the thanks of the order. The new officers will have the support of the full membership for the success of the order the coming year, and expect to accomplish a vast amount of good.

K. OF P.

Fort Wayne lodge, No. 116, K. of P., has begun a new era of activity since the introduction of the elevator to their hall, which is now one of the most elegant lodge rooms in the city.

The rank of knight was conferred upon Bert Sheafer, a clerk at Root & Company's dry goods store, last week.

There are a number of applications for ranks of knighthood and there will be work in several ranks almost every meeting night.

Next Tuesday, February 1st, there will be a banquet given to the members of Fort Wayne lodge to which Phoenix lodge, No. 101, as well as New Haven and Monroeville lodges and all visiting and sojourning Knights are cordially invited. There will, no doubt, be a large attendance, and to improve the opportunity there will, at that time, be arrangements perfected to attend the district meeting at Huntington, on February 18th. Every Knight of Pythias of Fort Wayne should be present and enjoy a good time next Tuesday evening.

DON'T BELIEVE IT

When Friends Say "You'll be All Right By and By."

You Must Act for Yourself if You Want to Get Well.

You Can Certainly Be Cured By Dr. Greene's Nervura.

When you are ill from overwork, worry, exposure or excesses, when your vigor is depleted and your strength and vitality lost and your friends say, "Oh, don't despair, you'll be all right by and by," don't believe it. When your friends tell you to cheer up and hope for recovery through the ordinary processes of nature, they simply express their wish. Their want to see you well, but their wish will not save you. You must act yourself. You are on the downward road and need a sure and effective medicine to arrest the progress of the disease and restore you to health and strength.

There is only one medicine which will surely cure you, and that is Dr. Greene's Nervura blood and nerve remedy, the grand health giver, which has cured so many sick and suffering people.

Mrs. William H. Rose, of Augusta, Maine, says:

"I want to tell of the benefit I have derived from Dr. Greene's Nervura blood and nerve remedy. When I commenced using this medicine I had been sick in bed for nine weeks. I suffered terribly with my back, and my limbs were so numb at times that I would pinch them to see if I could get any feeling in them. I was very nervous, had no appetite, and could not sleep.

"I suffered so much that I was reduced to a very weak state, and was almost a skeleton. I took seven bottles of Dr. Greene's Nervura blood and nerve remedy, and began to improve almost as soon as I began taking it. For the last six months I have been able to do my housework for a family of six and have hardly had a sick day. I give thanks for what Dr. Greene's Nervura has done for me."

Use Dr. Greene's Nervura and be cured.

You can consult Dr. Greene, 148 State St., Chicago, Ill., absolutely free of charge, personally or by letter.

HANNA'S DIVORCE BILL.

Son of Ohio Senator Accused of Cruelty and Neglect.

CLEVELAND, Ohio, Jan. 26.—Suit for divorce, the custody of three sons and alimony was begun yesterday by Carrie May Hanna against D. R. Hanna.

Dan Hanna is the son of Senator Marcus Alonzo Hanna. August 7, 1887, he married Carrie May Harrington at Escanaba. The two young people were members of an up-the-lakes party and were married quietly and unexpectedly at Escanaba, Mich., while on the trip. They were very young. Miss Harrington was the daughter of Cornelius H. Harrington, now deceased, of 26 Euclid place.

The marriage was soon announced and the Hannas, while they did not like it, made the best of it. The lady was beautiful and cultured, but not of the same set as the Hannas. Her father about that time, however, inherited considerable money from a sister.

Mrs. Hanna and D. R. have not been on good terms for several months, as has been well known about town. There have been many whispers of cruelty and of another woman, but her name does not figure in the petition.

Mrs. Hanna is for the present left in sole control of the family mansion, 1650 Euclid, and of the boys, Marcus Alonzo, aged nine; Carl Harrington, aged eight, and D. R., jr., aged six.

Hanna has set up bachelor's hall on Prospect street, in the former residence of Col. Myron T. Herrick. Mr. Hanna charges cruelty, but specifies nothing.

DANCES AND SEEKS DEATH.

Forced to Disgrace Herself, Mrs. Higgins Attempts Suicide.

ST. LOUIS, Mo., Jan. 27.—On a cot at the city hospital lies a woman dying from the effects of carbolic acid self-administered.

Disgraced and shamed by a maudlin husband before maudlin friends, Mrs. Grace Higgins decided it were better to seek death than continue to live after the episode. Her chances of recovery are slight. Mrs. Higgins is thirty-one years old, slender and pretty.

The charge she places against her husband has shocked the city. The latter is stage manager of a local theater. Higgins had been drinking. He returned home late, bringing a party of friends with him. His wife was sick in bed.

Higgins asked her to get up and dance. After much talk she did so, recalling a dance she had learned in other days. The company was well pleased and boisterously demanded the hoochi-coochi. She refused.

"Get up and dance," said her husband.

"I cannot," she answered. "Have I not danced enough?"

"Get up and dance," he repeated savagely. "We want the hoochi-coochi, and it goes."

Wearily the woman tottered from her bed. She danced until her eyes fairly started from their sockets. At the end she was fainting.

"I was heartsick and body sick," she said at the hospital, "and decided to make an end of it all."

In New York a short while ago a baby was born in jail. Its mother was being tried for murder. Every womanly heart gives a throb of sympathy at thought of the blight upon the poor little baby's life. But a baby need not be born in jail to be unfortunate. Any baby which is not welcomed into this world with loving hearts and ready hands is unfortunate. Any mother who is physically weak and incapable of bestowing a healthy constitution upon her baby may darken its future with weakness and disease.

A prospective mother ought to insure her baby's welfare by every means that Nature and science afford to keep her physical powers up to the very highest point.

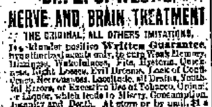

Every expectant mother ought to know and avail herself of the strengthening and re-enforcing properties of Dr. Pierce's Favorite Prescription. It gives health and endurance to the delicate organs concerned in motherhood. Taken early during the period of expectancy, it makes the coming of baby perfectly safe and comparatively easy. It makes the mother strong and cheerful, and gives health and natural vigor to the child.

It is the only medicine of its kind devised for weak and delicate women by an educated, experienced physician.

For nearly 30 years Dr. Pierce has been chief consulting physician to the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y. His thousand-page illustrated book, "The People's Common Sense Medical Adviser" contains advice and suggestions which every woman ought to read. A paper-bound copy will be sent absolutely free on receipt of 21 one-cent stamps to pay cost of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound for 31 stamps.

A sure and permanent cure for constipation is Dr. Pierce's Pellets. One "Pellet" is a gentle laxative; two a mild cathartic.

ANTI-SCALPING.

The Bill Before the Senate Committee.

A Movement to Combine It With the Inter-State Commerce Commission Bill—Shop and Ball.

WASHINGTON, Jan. 27.—The senate committee on interstate commerce held its first executive meeting today for the consideration of the anti-scalping bill. The hearings were brought to a close and the committee decided to exert every effort to reach a vote at the meeting to be held a week from today. The opponents of the bill did not evince a disposition to postpone the vote longer than necessary to present their views and some of them expressed the opinion that the vote would not under any circumstances be deferred longer than two weeks.

There was also a general agreement to accept the house bill as the basis of future consideration. This bill was originally a copy of the senate bill, but it was amended, by the committee in particulars which meet with the approval of the senate committee.

At today's meeting several amendments additional to those made by the house committee were suggested. Among those was one compelling the railroad companies to redeem the unused portion of tickets at a rate proportionate to the cost of the entire ticket; another mitigating the penalties imposed for violation of the law, and still another consolidating the bill with the bill introduced by Senator Cullom last week for the improvement of the status of the inter-state commerce commission. It was stated that other amendments still would be offered and the intimation was given out that one of these might provide that passes should be made good to the bearer.

The discussion was along the lines indicated by these suggestions, but there was not a sufficiently general expression of opinion to form a definite idea of what the vote will be. The opponents of the bill count upon getting five votes for their proposition to consolidate the anti-scalping with the commission bill and they are even hopeful of securing the sixth vote, which would carry it. In case the motion should prevail, the effect would be equivalent to a postponement, as some time would be necessary to consider the commission bill.

During the course of the meeting today Senator Elkins, who has been considered an avowed advocate of the anti-scalping bill, expressed himself as somewhat doubtful as to its expediency. He said that while many of the railroads were evidently favorable in a degree to it, there were only two, the New York Central and the Pennsylvania railroad, which were pressing it with apparent zeal. He said, in view of this fact, he had reached the conclusion that the majority of the lines were at best indifferent, while he thought that some of them were actually opposed to it.

HAND MANGLED.

Charles Holman, of No. 11 Herman street, an employe of the Olds Wagon works, met with a shocking accident at 11 o'clock this morning. While at work about some machinery his right hand came in contact with the bits and was so badly mangled that Dr. A. J. Kesler had to amputate the thumb and the first and second fingers.

WILL GO TO NEW YORK.

Carroll C. Gould, for the past half dozen years private secretary to R. T. McDonald, has tendered his resignation, to take effect next Monday. He has accepted a very responsible and lucrative position with Messrs. Leonard & Ellis, of New York, one of the largest oil houses in the world. James A. Gould, a clerk in the shipping department of the electric works, has also resigned and will accompany his brother to New York and also enter the employ of Leonard & Ellis. These young men are sons of Theodore Gould, the well known passenger engineer on the Pittsburg, were born and educated in this city and are known to most all of our citizens, who wish them abundant success in their new positions.

A NEW RAILROAD.

Toledo is to have a new railroad. Articles of incorporation have already been filed. The capital stock of the company is $100,000. It is the purpose of the company to build a standard railroad track from North Toledo to a point on the bay shore about three miles north of Alexis. The road will be from ten to twelve miles in length, and will be well equipped. On the bay shore, where there is a bathing beach of white sand for a distance of several miles, a summer hotel will be erected. A hall for amusement purposes will be constructed and buildings will be put up something after the Coney Island style.

BIG SALE OF MACHINERY.

Yesterday the Bass Foundry and Machine company received a few nice orders for castings and machinery, among them being the following: For a 500-horse power Corliss engine and all the appurtenances to a steam plant from the Wolf company, of Chicago; the machinery to be delivered and set up in New Orleans. The Wolf company is extensively engaged in the manufacture and erection of ice plants. For a galvanizing tank from the G. R. Marcey Manufacturing company, of Bluffton, Ind., and for several car loads of castings from a firm in Milwaukee, Wis. Those castings are to be "machined," which work will furnish employment for the operators of the lathes and planers in the machine shop for several weeks. Work in that department had become scarce and this order will be welcomed by the men. The Bass works is about to complete a large galvanizing tank for the Flint & Walling Manufacturing company, of Kendallville, which will be shipped to that city in a few days.

The new company that controls the Terre Haute car works has contracts to keep it busy for some time. The works are building 200 coal cars for the Mobile and Ohio.

On the Santa Fe line passengers riding on passes now have to give to the conductor on each trip their autograph on a card, which is afterward sent to the general manager's office.

The 1,000 cars building for the Cincinnati, Hamilton and Dayton and the 1,000 building for the Indiana, Decatur and Western are to be equipped with the Buckeye coupler and airbrakes.

Valparaiso Messenger: "Gust Roth, of Fort Wayne, will be clerk to August Seifort, superintendent of signals on the Fort Wayne road at this place. He will assume his position February 1st."

Samuel Barnard, one of the oldest engineers on the Toledo, St. Louis and Kansas City road, who a few days ago suffered a stroke of paralysis, died on Monday night, the result of a second stroke.

Panhandle conductors are now charged with the responsibility of the proper heating and ventilation of all passenger cars, including Pullmans, hauled on their trains. A recent order states that there has been negligence in this matter.

Uncle Jimmy Hawes, foreman of the Pittsburg boiler shop, was seventy-six years old yesterday. He has been ill for several weeks, but is much better now and makes daily visits to the shops where he had charge for so many years.

The Ohio Falls car works at Jeffersonville will this week complete the delivery of one hundred box and one hundred stock cars ordered by the Queen and Crescent a few weeks ago, and will at once begin building for that road 200 coal, 200 box and 100 furniture cars ordered since the first of the year.

A class X engine, No. 267, is now hauling the Pennsylvania limited on the western division of the Pittsburg, Fort Wayne and Chicago road and it takes its trains through on time in all kinds of weather. There were over thirty of this class of engines built in the Fort Wayne shops during the years 1892 and 1893, and there never was a better locomotive constructed. Most of these engines are now employed in the fast freight service east of Pittsburg, where speed and hauling capacity must be of the maximum. No. 267 was the first engine of this pattern turned out of the shops in this city.

FARMERS' BULLETIN.

The Agricultural Department Gives Useful Information.

Director A. C. True Tells the Result of Many Experiments of an Agricultural Nature.

WASHINGTON, Jan. 27.—The second number of "Experiment Station Work," prepared under the direction of Director A. C. True, has been published by the agricultural department as a farmers' bulletin. It contains a great deal of information on topics of interest to the farmer, the most important of which probably is that relating to the value of common crops for forage and a discussion of the question whether farmers can mix their own fertilizers economically. On this latter subject the bulletin says the unanimous conclusion reached by the experiment stations which have given the closest attention to the subject is that it is entirely practical and economic under certain conditions for farmers to buy the different fertilizing materials in the crude state and to mix them on the farm, and they have made every effort to encourage and assist them in the practice. There is no doubt that ashes are a valuable fertilizer when used with proper care and discrimination, but there is considerable danger that they may be, and are at present, overestimated by farmers, and money is expended in many cases in the purchase of ashes which might be more economically used in buying other forms of fertilizer. Other subjects treated of in the bulletin are stock melons, starch and potatoes, crimson clover, geese for profit, cross-pollination and a garden fertilizer.

NAMES SECURED.

Members of the Mob Who Burned Seminoles to be Arrested.

GUTHRIE, Okla., Jan. 27.—Deputy United States Marshal Tilghman has returned from Pottawatomie county, where he had been for a week investigating the recent burning of the two Seminole Indians. He states that there is no truth in the report of the arrest of some of the lynchers. The names of a score or more of the mob have been obtained by the officers, however, together with strong evidence, and a large number of the warrants will be issued at once, and wholesale arrests will be made before the week is over.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address,

Amusement Notes.

An eminent divine lately said of Mr. Hearne: "Had I his perception and ability to write, I could revolutionize society." All who have seen that beautiful play "Shore Acres" will doubtless agree with the distinguished gentleman.
